

## **2<sup>nd</sup> Weapon - Peacock Feather**

### **Chapter 1: Five assassins**

#### Chapter 1 Part 1

Dusk.

Under the setting sun, Gao Li was standing below the gold-lettered signboard of "Head of Sovereign Teahouse". He stood under the shadow, which was also covering his face.

It seemed as if his face was hidden forever in the shadow.

He was wearing an oversized blue taoist robe, extremely large, because he must hide a heavy and sharp silver spear under this taoist robe. With a sharp spear rubbing against his rib, that white shirt underneath was already drenched by the cold sweat. Before each subsequent killing, he was always very anxious.

This street was the most prosperous and lively place in the city, moreover it was also the liveliest time of the day.

He scanned through the bustling crowd, and saw in the opposite a water peddler.

This peddler's name was Ding Gan.

Ding Gan was a very big person. Although he was somewhat extremely fat, he actually had a very deft pair of hands. Presently, he was squatting in the roadside with a small knife, pouring the water into the basket. His technique did not look very skillful... That's because he usually only use this knife to kill. It was said that when he killed someone, the basket could be used for more than just to hold the water.

The store in the opposite diagonal side of the teahouse was a very crude wineshop. It only sold the liquor, but not the food.

The big wine jugs that were sitting on the table made the drinking person looked small, they were sitting on a bamboo stool and bringing their own food.

In this wineshop, there was only a person who did not drink.

This person's name was Tang Ye.

Tang Ye was very short yet strong, the disheveled hair was tied up with a white cotton strip.

Nobody knew who he was, nobody knew where he came from. They only knew that his mouth never stop chewing some kind of sunflower seed.

Some people said that originally he was a pirate in the east and an outlaw, but actually no one had ever confronted him with it. It was said that when someone dared to ask him, all he got was getting his tongue cut in the

midnight.

Nearby him was a long pole that could be suspended on his shoulder, just like the one used by a coolie for carrying a burden. But he was certainly not carrying any burden, just like Gao Li was not a real taoist priest.

In this shoulder pole that was four feet three inches long, there was hidden a knife that could cut a horse down!

There was also another person with a coolie's appearance, sitting opposite eating the soup.

This person was very young, all the others called him Little Wu.

Little Wu was certainly Tang Ye's friend, yet he actually did not look like Tang Ye's friend.

They were radically two different kind of people.

Little Wu looked a very casual, a very sluggish person. When happy, he laughed very heartily, and he liked the liquor very much.

Nobody could imagine how quickly and accurate he was when he killed people.

If he wanted to pierce your eyes, his sword would not pierce you in any other place.

His sword was also hidden nearby in the shoulder pole.

Gao Li further saw ten paces further toward the right side a very large carriage under the tree shade.

The driver of the cart was very sleepy, the long horsewhip lying loosely on his hand. He was called Horse. He had this long whip, this whip also had his life. If he did not have this whip, he would have died many many times. But this whip had always been in his hands, therefore he had not died. Instead, the others had died!

These five people came together.

Gao Li, Ding Gan, Tang Ye, Little Wu, Ma Bian.

When these five were together, they had to cause some surprising news.

This news would always involve blood!

## Chapter 1 Part 2

July 15 (qi-yue-shi-wu-ri) was the middle of the year, and also the spirits' festival day.

"In July 1, the underworld lords decided the good and evil in the world, thereupon the taoist priests read the sutras trying to convict and extricate the spirits."

This was the explanation for why we should "lead a pious life" on this day.

But we should also say that "July 15" was not about a day, but about a secret

organization.

A secret killer organization.

They decided others' good and evil, and then went about themselves to extricate for the others. - To kill was also a way to extricate something.

Gao Li, Ding Gan, Tang Ye, Little Wu, Ma Bian, were precisely the five most fearful executioners in this organization.

Today they must kill Baili Zhang-qing.

"Liaodong Hero" Baili Zhang-qing!

Perhaps Baili Zhang-qing's wugong was not the highest in jiang-hu, nor the most prominent person by reputation, but his "Zhang-qing-piao-ju" (Zhang-qing escort bureau) was without a doubt the most successful escort bureau.

The Zhang Qing escort bureau had branches in all Liaodong cities, so wherever the Zhang Qing escort flag went to, all things would be taken care of. Because not only Baili Zhang-qing was good to his people, but also his system worked quite effectively. This time he entered the pass, because of the plan to unite four big escort bureaus in jiang-nan (south of Yellow River).

The rumor in jiang-hu said that these four big escort bureaus wanted to merge with "Zhang Qing", to manage together an unprecedented unified escort bureau. From then on, any goods that was transported from the northern six provinces to Liaodong area would all be handled by them alone. From then on, if an outlaw gang wanted to plunder the escort, the day they decided to do it would not be a good day for them.

This was indeed a very important matter, this kind of matter that could only be managed by Baili Zhang-qing alone. Therefore there were many people who thought he should not die, also there were many people who thought he should obstinately refuse this arrangement!

The twilight had gradually settled in.

Baili Zhang-qing by himself would appear ultimately on this street. He was a busy person, therefore his traveling schedule would always be tight. It was estimated that him would arrive here between 5 a.m. and 7 a.m. to eat in the restaurant under the teahouse, immediately he needed to rush away again.

But in "July 15"'s estimation, he would never be going anywhere else. His retinue from four chases women the teacher besides the Zhang Qing shackles bureau in, but also has the area south of Yellow River "the town far escort bureau" the master and "inspires the prestige escort bureau" total escort head.

This line of seven people certainly also all are the masters.

But "July 15" actually already had has coped with their method, this method certainly extremely thorough, was extremely effective.  
They kill people are ever cannot let slip.

Six days ago they started to practice, has practiced more than 60 times to the present.  
They to that each detail, each movement, likely similarly have been all familiar to own palm of the hand.  
Now they only also must do, is waited for Baili Zhang-qing.  
He first must die!

(3)

"Baili Zhang-qing cannot die!"  
Gao Li clenched his fists, the wind place is blowing from the long street, is blowing he has soaked clothes.  
His whole body ice-cold, his heart felt colder.  
Each detail, each step, early already all arranged.

As soon as Baili Zhang-qing he steps onto this street, Ma Bian on the large cart would start to take the action.  
Six steps of motions.  
Ding Gan would throw the hidden weapon to alarm Baili Zhang-qing's horses.  
After this horse was frightened, and ran away, Ma Bian emerged from the large cart and tried to cleaved him.  
Tang Ye would cut the horse's front hoof with his horse knife.  
Then, Gao Li and Little Wu attacked from both sides.  
Ding Gan's Yuzai sabre aimed at his back.

Their oneself has calculated, these six steps of motions if can achieve the quickest speed, four time asked in the short period of time, has been possible completely to complete.  
After they have practiced 40 times, has been able to achieve this kind of speed, but in order to must be more reliable, or again has practiced 20 times more.  
"Only permits successfully, does not have to be defeated!"  
Their motion never is defeated, nobody can avoid this under this kind of speed to strike!  
Certainly does not have!

"Far Town Escort Bureau" master Deng DingHou, was perceived as the most skillful, bold person amont the four escort bureaus masters in Jiangnan. He had initiated this plan, therefore he went as far as Liaodong to greet Baili Zhang Qing to enter the pass.

Deng DingHou person "god fist young Zhuge", originally is Shao Lin's common disciple, younger brother of Yu Zhong. His hundred steps of gods fist has practiced to 80-90% excellence, it is said that him would not be

lower than the four law-protector of Shao Lin Temple.

But Jiangnan's four big escort bureaus' first master was certainly not him, but "rising power" escort leader "the universe pen" XiMen Sheng. His accupoint-sealing and his palm techniques could not be found anywhere else in Jiangnan.

In addition, there were four more guards from "Zhang Qing" bureau, each had inborn uncommon strength. It was said that with their practiced skills, each of them could master and capture a tiger alive.

"July 15" five assassins as soon as strike go well, is not also can the whole body draw back?

Can!

They retreat the plan, similarly is nearly also thorough with the attack. Ma Bian in the large cart, packed them to use the large sum of money the spearpowder which bought from the Guanxi thunderclap hall.

They first use the large cart Baili Zhang-qing and the retinue from person room partition, after as soon as strikes goes well, immediately initiates the spearpowder.

Then they retreat to the west.

By now the path certainly completely by the room partition, the horse which Deng DingHou they sat down certainly also has been been startled by the spearpowder detonation, five assassins while randomly draw back, other person radically is unable to trace.

This motion calls "heavenly clothes."

Because this plan originally has really been possible to be flawless!

Now Baili Zhang-qing only opportunities, change the travelling schedule, does not walk this road.

"Divination, divination, divination"

Sells the divination the blind person, has suddenly transferred from the corner, the left hand knocks the bamboo clappers, the right hand is lifting up high the face plain white cloth to incur:

"heavenly clothes 云霓, surefire".

Ma Bian's hand grasped his whip immediately, Tang Ye has taken up the shoulder pole, Little Wu lay down the liquor bowl, Ding Gan's water movement also immediately stopped. heavenly clothes the motion soon started!

Because this blind person's cloth incurs, is the signal which they agrees. This cloth incurs gets up at one fell swoop, expressed Baili Zhang-qing according to the travelling schedule which prearranged have come.

He since comes, must refuses stubbornly to be possible!

Gao Li heart sank for Baili Zhang Qing - Baili Zhang-qing could not die!

Now the only one who could rescue Baili Zhang-qing was him.

"July 15" was a very strict organization, he understood this very much. If anyone betrayed the organization, they could not live anymore, to just die it was even more difficult. But he must rescue Baili Zhang-qing if possible, because Baili Zhang-qing had rescued him before.

His palm was dripping with perspiration, he slowly put out a hand into his bosom, and gripped his silver spear. He saw seven people riding a horse slowly around the corner.

The first person who came had long eyebrows like the phoenix, wearing dark blue gown, and dried shark skin saddle. He sat well on the saddle, the waist was very straight, the eyes shone brightly, just like 11 years ago.

Some people simply would not grow old, Baili Zhang-qing was certainly this kind of people without a doubt! Moreover, even if he had changed a lot, people could still recognize him!

Some people originally can make your eternal life to dismiss from mind with difficulty.

Gao Li only felt his blood welled up in his chest, like his whole body and throat had gelled up completely, not able to utter any sound at all. He certainly must control himself with every effort. He certainly wanted to shout loudly, to warn Baili Zhang-qing of the danger, of the assassins!

Seven horses had walked along the lane.

Behind him was the rising power's "the universe pen" XiMen Sheng with white face, calm Deng DingHou, followed closely behind Baili Zhang-qing's horse.

Most behind is imprisons the strip to be young but suddenly the fierce guy, on the brown yellow shirt embroiders the tiger grain, the front piece of a Chinese-style jacket is opening wide.

Their chest looked like likely is the steel and iron.

On the road person resembles also by this line of troops' imposing manner □, can not help, walked in abundance evades, made way the path. .

Now Baili Zhang-qing horses, are away from that coarse thread which heavenly clothes the motion starts, has been inferior to two ten feet Gao Li has gotten hold of his spear, was preparing to run out, at the same time shouted loudly shows the police, at the same time to it whip attack.

But at this moment, he suddenly felt an equally ice-cold hard item, touching on his back.

A knife! A pointed knife!

Besides the knife he also heard an incisive sound behind his neck that said, "We have found out that Baili Zhang-qing have made a favor to you before, so as to avoid you awkwardly not doing your part, your position has been replaced, this time you may withdraw."

Gao Li's whole body was cold stiff like ice.

The pointed knife moved from behind, knife point in between his chest rib. The knife if punctures from here, the person which punctures is absolutely cannot send out a sound to come.

Only has the process strict training the person, only then understood kills people with this method.

He certainly understood.

He has completely not been able to move.

At this moment, Baili Zhang-qing sit down the horse has sent out a startled hissing sound, flees to front.

Ma Bian's large cart had also run out to the middle of the street.

Baili Zhang-qing would die without a doubt.

Once heavenly clothes was in motion, ten thousand Yuan as soon as lose. In each kind of accident, each kind of possibility occurs the change, has all calculated in them.

Comes the assassin unexpectedly continues five.

That sells the divination the blind person did not know when walked to under the foremost person in the field teahouse advertisement, suddenly from is supporting in the bamboo pole which the city incurs, has drawn out a handle long sword, throws oneself to Baili Zhang-qing diving postures.

He is not the real blind person.

That side Tang Ye and Little Wu certainly also start to take action.

"Runaway horse!", the crowd calls out in alarm.

Large cart already Deng DingHou line of troops room partitions.

The soup wild four feet three inch long thorns horse knife, the knife light like snow, the rainbow divides.

Little Wu is following close on him behind, in the hand the sword dexterous and is sharp.

Immediately Baili Zhang-qing have changed the color, raises the reins belt horse; But the long knife has cut off the street.

Little Wu sword also with is puncturing.

The blood light splashes, suddenly sends out miserably to shout!

The startled call impressively unexpectedly is the soup wildly sends out, Little Wu sword unexpectedly pricked his back.

Blind person one startled, sword potential one slow.

Has fought many battles Baili Zhang-qing certainly cannot let off this opportunity, clear eats delicacies, the person flew from the saddle

overshooting day.

Only listens to the rumour anxious sound, the ray to flash, seven handles sabre scratch his fully bottom to fly by chance.

Gao Li is setting up the behind person, obviously has not thought of this completely accidental change.

They these five people close investigation, Little Wu not only had no relationship with Baili Zhang Qing, but he also absolutely did not have any interaction with the four escort bureaus in Jiangnan.

His biography also not goes beyond the great wall step.

Why does he want to betray the organization? Why has to rescue Baili Zhang-qing?

This person is startled gets angry, did not know how should the strain, suddenly hear the sound which garrulously breaks to the oneself bone.

Gao Li time fist has hit on his rib.

Gao Li backhands a time fist, attacks fiercely this person 𠂇, when this person drops down, his person fled.

Ma Bian had not lighted the spearpowder, the change had occurred.

Under his startled anger, wields the whip to entangle Baili Zhang-qing legs. Baili Zhang-qing bodies fly high, has been unable to change the potential to fend, was seeing with own eyes the long whip poisonous snake volume comes, suddenly also has the silver light as soon as to dodge - A handle silver spear welcomed 𠂇, another handle silver spear counter-thorn Ma Bian.

Ma Bian oneself drops down, suppressed Baili Zhang-qing swords by chance.

Suddenly listens to a thunderclap greatly to drink, the spacious solid horse-drawn vehicle, is suddenly hit the smashing.

Four tigers grains yellow clothes guy, the brave fighter breaks through, two people... Waves the hand, on death horse upheaval, the backhand as soon as has brandished, is clamping the rumour, to Ding Ganza past.

Ding did the second fly cutter just to send out, dead Ma Yidai a spot is splashing the blood hits.

Seven handles sabre unexpectedly all hit on the horse corpse.

He also not and the backlash, a pair of black iron judge pen has been waiting for him.

The universe pen hits the hole the time, the world all knows.

Little Wu has met the blind person three moves.

Two handles swords all quick, Little Wu sword is quicker, the sword light in a flash, in front of the blind person the chest front piece of a Chinese-style jacket has been sheared broken.

Little Wu had not certainly pursued, by now because Baili Zhang-qing swords also have gotten rid of.

Baili Zhang-qing wield the sword on, was very busy also said the sound to him: "Many thanks."

Little Wu has smiled.

Baili Zhang-qing swords light flash, puncture three swords, also said, "Your high surname, big graciousness... ..."

Little Wu has smiled, does not wait for his speech to say, the person oneself diving posture, fled the room province  
He knew this place could not have used him.

Gao Li uses is the double spear.

By now but his double spear all has received, because Deng DingHou's hundred steps of gods fist has compelled Ma Bian

Ma Bian himself is unable to display as far as possible, the person oneself is compelled to the corner.

The Shao Lin hundred steps of gods fist, really has his not allow to neglect might.

Baili Zhang-qing 〇〇 lord over Liaodong, originally is present age one of seven big swordsmen.

Gao Li knew this place could not have used him.

He was determined to pursue Little Wu.

He has sent out the extremely strong interest to this mystical youth.

Baili Zhang-qing resemble were shouting that, "Gao Li, brother Gao, wait, wait... ..."

Gao Li has not waited, his person has also plundered the ridge.

Baili Zhang-qing benevolence, he has finally repaid, he has not been willing to implicate the others again.

Because he knew "July 15" is cannot let off any rebel.

He now must start to become a fugitive!

Becomes a fugitive, does not stop becomes a fugitive, until dies, this originally is his this kind of desperado's destiny.

But he finally no longer owes the others.

Said to him that, this has been enough!

## Chapter 2: Shuang Shuang

(1)

Dusk again.

The far mountain from Paris green becomes the schungite in the setting sun, the spring current of water arrives here, also was gradually slow. The wind breath is actually more fragrant, because the fresh flower opens on the hillside, the fresh flower very quiet is hugging household others.

A bridge.  
Running water

This young others in front of running water, under hillside. In the courtyard also is planting the flower. A white hair is gray, the stature big and tall old person, in courtyard firewood." He only a hand. But his this hand extremely keen, extremely is actually powerful. He uses the tip of the toe to kick the wood, the same hand, the great axe gently falls, "chop" sound, the wood divides into two half. His pupil likely is the far mountain is same, is remote, is desolate. Perhaps only experiences the innumerable years rich life person, the eye only then has been able so remote, is so desolate.

Little Wu and Gao Li walked.

Their footsteps are very light, but the old person or has turned head immediately. He saw Gao Li. But in his pupil or all does not have the expression, only is calmly stands in there, passes through until Gao Li, he slowly lays down the axe. Then he suddenly kneels down, to Gao Li kneels down, likely the lackey sees the master that type to kneel down. But on his face or all does not have the expression, also has not said a word.

Gao Li had not said a word, only has patted his shoulder, two people likely were are playing the role of silently. Was only a pity nobody knows in the play the meaning.

Little Wu also only has the wood person to stand in there, luckily at this moment, in the room spread the sound. Is gentle and the charming sound, is young girl's sound. Shuang Shuang.

She is light in the room humph: "I knew certainly is you comes back, I know." In the sound has filled liking which one kind is unable to trace narrates with the tender feelings.

Gao Li hears to this sound, in the eye also immediately to reveal the tender feelings which one kind is unable to trace narrates. Little Wu was in a daze. He suddenly detected oneself also cannot say has how wants to have a look this woman. "She certainly is worth the man making any matter for her."

The old person has turned head, starts the firewood, "chop the throat", firewood cleaves in two. She has not certainly come out. Little Wu with has been Gao Liing entered the room. He suddenly detected own palpitation usually are quicker than. "Actually is she how woman? Actually has beautifully?"

In the living room cleans very much cleanly, the window is bright several only, spotless. Side has a leaf of door, in the door is hanging the bamboo

curtain. Her sound spreads from the door. "You brought the guest population to come?" She unexpectedly can listen to their sound of footsteps.

Gao Li sound also changes can it be that is often gentle, "is not the visitor, is a good friend."

"Why haven't that you asked him to come in?"

Gao Lipai has patted Little Wu's shoulder, is smiling said, "She wants us to go in, we go in."

Little Wu said, "Is, we go in."

This speech said meanless, because in his heart is thinking other matter. Then he with was walking. Then his thought all stops immediately, down to continually the palpitation all resembles stopped.

He finally saw Shuang Shuang □□this first impression, he believes firmly the oneself eternal life all with difficulty to forget. Leans against Shuang Shuang on the bed, Shuang Shuang is holding the light bed sheet hand, is also whiter than the bed sheet, is white resembles approached transparently. Her arm thin and is delicate, likely is a child, even also must be thinner and smaller than the child. Her eye very big, but is actually dusky entire □□□.

Her face is stranger.

Nobody can describe her face is any appearance, even nobody can imagine. That certainly is not ugly, also has not been incomplete, actually likely is the beautiful woman mask which a shoddy artisan makes, the beautiful woman mask which makes the distortion to distort. This may make Gao Li does not hesitate for her to sacrifice all beautiful women, not only is a hypoplasia is abnormal, moreover or blind person.

In the room the pendulum has filled the fresh flower, has piled up with the all kinds of manufacture exquisite puppet and the toy. The exquisite thing, certainly all is expensive. The flower just took off, bright and fragrant, the lining this room master pitiful and also was laughable. But on she face, actually completely not the look which feels inferior from pity, instead has filled happy and is self-confident. This kind of expression unexpectedly just and a genuine beautiful woman is completely same. Because she knew world all men all in secretly admire her.

Little Wu was completely astounded.

Gao Lique has stretched out the arms, has welcomed, gently has held in the arms her, supple voice: "Did my beautiful woman, my princess, you know I thought you already wanted to result in quickly have been insane." This kind of speech simply said disgusting, nearly has been extremely disgusting makes one have to feel sick. But on the face glory actually has been Shuang Shuang brighter, she lifts the young hand, gently is patting his head. Looked she to his manner, resembles takes him to treat as a child.

Gao Liye resembled really has become a child, resembled in this world again compared to not to suffer her to hit a happier matter.

Shuang Shuang says with a smile: "Your this slightly lies the essence, if you really think me, why not earlier came back

Guang Gao Li intentionally to sigh the tone, said, "I certainly also want dryly to select come back, what a pity I also want to make a money, comes back buys the thing for mine little princess to eat, the good thing plays."

Shuang Shuang said, "Real?"

Gao Li said, "Certainly is really, you want me to dig out the heart give you?"

Has smiled Shuang Shuang, said, "I also thought you 𠂇 𠂇 confuse by outside were confused."

Gao Lijiao, said, "I can look in outside 𠂇 𠂇? Which woman in the world also has to be able compared to on my to be little princess!"

Smiles Shuang Shuang happily, actually intentionally shakes the head, said, "I do not believe, outside certainly also has compared to I more attractive woman."

Gao Li decidedly said that, "Does not have, absolutely does not have."

He winked the short period of time, suddenly continued, "I originally heard in the palace wall also has a princess to be very beautiful, but afterwards I as soon as looked, only then knows her you one half all not to compare." Calmly is listening Shuang Shuang, sweetly sweetly is smiling, suddenly kisses on his face.

Gao Li resembles immediately is happy must faint. 𠂇 𠂇 seven foot men; An abnormal young blind person, two people unexpectedly together is flirting with one another, disgusting works as interesting.

This kind of situation not only laughable, is simply funny. But in Little Wu heart actually a laughable meaning all does not have, instead thinks in the heart the acid painstakingly. He only thought wants to cry.

Gao Liyi loosens a memorandum making a proposal to a superior from the body! The date skin pouch worn at the girdle, has poured 20-30 spindles gold, pours on the bed. He is holding Shuang Shuang young hand, lightly traces these gold, on the face expression also is being self-satisfied, proudly does, said, "This all is my these months gains, also was allowed to buy many things for ours little princess."

Shuang Shuang said, "Really is you gains?"

Gao Lida voice: "Certainly, for you, I cannot go steals, cannot go snatches.

Shuang Shuang look is gentler, lifts the hand, lightly is caressing his face, supple voice: "I have a your such man, I really, I really but proudly do for you."

Gao Li is staring at him, is pale color of the happy happiness which, thin and pale, the indifferent face suddenly also reveals plants cannot say. Is crooked and the attack receives which in outside, now already completely forgot cleanly.

Little Wu never has looked at this kind of expression, also never thought can see this kind of expression on his face. To here, he has resembled completely turned other person. Although cannot see on his face Shuang Shuang the expression, but obviously also could have felt. Therefore she also are completely happy satisfied. You can say they do not match?

Little Wu suddenly also thought she was very beautiful. A woman so long as can happily cause her the man to be happy, other even if some flaws, what that could be considered as? Also had not known how long, suddenly has been Shuang Shuang red the face as soon as to smile, the road "you were not a moment ago said led a friend to come back?"

Gao Li has also smiled said, "You looked, I as soon as see you, was confused immediately, has all forgotten including the friends."

Shuang Shuang said, "You also such said in front of the others that, did not fear the others laugh."

Gao Li said, "How can he laugh at us, this boy now certainly envies me to envy awfully!"

He looks Little Wu, in item has filled color of the hope.

Little Wu sighed the mouth gas channel: "You always said in front of me that, your little princess is in the world the first beautiful woman, now I only then knew you are deceive the worldly person."

Gao Li's complexion change immediately, went all out to wink, said, "Has my which selecting deceived you?"

Little Wu said, "In the world where has looks like she such beautiful woman? She simply is the space fairy maiden."

Gao Li smiled.

Shuang Shuang also smiled.

Little Wu lightly hits Gao Li with the fist the shoulder, says with a smile: "To be honest, I really envy your this to mix the boy, your which selecting matches on her."

Gao Li intentionally sighed, said, "To be honest, I really cannot be joined to her, was only a pity she must like me."

Shuang Shuang says with a smile: "You looked this person, the facial skin has been how more and more thick."

Gao Li said, "I learn quickly with this boy."

Three people also laugh, Little Wu suddenly also detected, own have been never such happy.

Shuang Shuang rests very much early, finished eating the food, is Gao Lifu she goes to bed, but also covered the quilt for her. She likely is has spoiled the child, every kind the matter all needs the others to look after. But she actually can give the joy which the person one kind cannot say.

Now the star raised.

Gao Li and Little Wu have spread a straw mat in the flowering shrubs between, calmly lies down under the starry sky. Night of cool like water. The starry sky remote and is magnificent.

Little Wu suddenly long sighed, said, "You said are good, she indeed is a marvelous woman."

Gao Li has not spoken.

Little Wu said, "Her appearance certainly is not perhaps beautiful, but her heart very is actually beautiful, perhaps the majority beautiful women all is much more beautiful than the world in!"

Gao Li has not spoken.

Little Wu said, "I continuously in am originally strange, look like you such person, why is 𠂇, now I only then have understood." He is sighing, continued, "For she such woman, you how regardless of do do all are worth."

Gao Li suddenly said that, "Perhaps I am not for her."

Little Wu said, "You are not?"

Gao Li also sighed, said, "If i said bright majestic, certainly may say is for her, but in I heart understood, I such for is oneself."

Little Wu said, "Oh!"

Gao Li said, "Because of me only at himre time, in the heart only then can think tranquil is joyful. Therefore... ..." He slowly continued, "I each section of times, all certainly must come back a time, stays several days, otherwise I sense already but actually, already had only gone crazy."

□□the person also looks like the machinery to be same, each section of times, all must return to the factory the maintenance, refuels. Little Wu certainly understands this meaning.

He silenced has been very long, suddenly also asked: "How did you meet her?"

Gao Li said, "She is an orphan."

Little Wu said, "Her parents?"

Gao Li said, "Had already died, at her 13 year-old time, already has died." On his face reveals color of the painful, continued, "They only have a her daughter, in order to does not let her be sad, said since childhood she is in the world the most beautiful child, she... ... She certainly also cannot see oneself."

Cannot see oneself not to be certainly unimportant, most importantly, she also cannot see the others. On because her cannot see the others, therefore only then cannot own with the others comparison.

Little Wu long is sighing, low-spirited said, "She is a blind person, this originally is her misfortune. Looking from this point that, this instead is her luck." Happy and unfortunate between distance, originally very is perhaps subtle.

Gao Li said, "Some I have received the very heavy wound, has no intention to arrive here, at that time she the parents has not died, they cure the wound for me, day and night looks after me, from has not interrogated my origin, also from has not treated as my scoundrel."

Little Wu said, "Therefore you later frequently will come?"

Gao Li said, "At that time I have treated as here I family, when to lunar new year's season, where regardless of I am at, must think the method catches up with is coming back."

Little Wu said, "I understand your this kind of mood." On his face has also revealed color of the one kind of very strange painful, this looked like the very open and bright youth, in the heart also has very many may not the pain and the secret which leaves with the outside person.

Gao Li said, "Afterwards... ... Afterwards her parents have died, just before the end before, holds their only daughter junction for me, they certainly not to hope I marry her, only hoped I can look like the younger sister to regard her."

Little Wu said, "But you married her?"

Gao Li said, "Now does not have, but later later I certainly will be able to marry her."

Little Wu said, "In order to repay a debt of gratitude?"

Gao Li said, "Yes."

Little Wu said, "You really love her?"

Gao Li is hesitating, slowly said, "I did not know is not really likes her, I only knew... Only knew she may cause me to be joyful, may cause our party own or individual."

Little Wu said, "Why then you also not quickly do marry her?"

Gao Liyou silenced has been very long, suddenly has smiled, said, "Do you want to drink our celebration drink?"

Little Wu said, "Certainly."

Gao Li has sat, in the eye has suddenly sent out the light, said, "Are you willing to remain in here several days.

Little Wu said, "My also there is no place has been possible to go in any case."

Gao Li makes an effort to pat his shoulder, said, "Good, I certainly ask you to drink the celebration drink."

Little Wu jumped, makes an effort the racket to pat his shoulder said, "I as soon as grade am drinking your celebration drink."

Gao Li said, "I on will prepare tomorrow with the elephant."

Little Wu said, "Elephant?"

Gao Li said, "The elephant was a moment ago that alone arm old person which prepared food for us."

Little Wu said, "How person is his 11 he also?"

Gao Li smiles is as if very mystical, said that, "you look?"

Little Wu said, "I thought he certainly is an odd person, moreover certainly has the section very extraordinary history."

Gao Li said, "You look at him to use the axe not to have?"

Little Wu said, "Has looked."

Gao Li said, "How do you think in his hand time?"

Little Wu said, "Resembles certainly not under your me."

Gao Li said, "Your judgement is really good."

Little Wu said, "Actually is he who? How can arrive here to come? Why specially respects to you?"

Gao Li has smiled, said, "These matters you later perhaps will be able slowly to know."

Little Wu said, "Why don't you now tell me?"

Gao Li said, "Because I have promised him, does not tell his matter any person."

Little Wu said, "But I...."

This speech had not said, his body suddenly soars, the arrow generally fled to in a hillside in clump of everflowering rose. His body law dexterous and exquisite, moreover is extremely special.

In the flowering shrubs is similar some person of low voices: "The good light merit, really worthily is the famous family."

Little Wu face discoloration has changed, lowly calls somebody to account said, "What person is your excellency?"

Drinks in the sound, he sneaked into the flowering shrubs, was precisely place which that sounds of people sent a moment ago. He has not seen any person. The flowering shrubs Reagan company individual shade all does not have! The star month in the day, the dim light of night is deep.

Gao Liye has caught up with, knits the brows: "Was in the July 15 people pursues to here has come?"

Little Wu said, "Only feared is not."

Gao Li said, "How did you know is not?"

Little Wu had not replied. On his face expression very strange, is as if somewhat surprised, also is similar some fears. Since he calculated is not in organization's people pursues, why also has to fear?

Gao Li although cannot think through, also does not have to ask again. He knows Little Wu if not to be willing to say a matter, regardless of who also can'task.

Little Wu silenced has been very long, suddenly also asked: "Elephant?"

Gao Li said, "Only feared already has rested!"

Little Wu said, "Rests in where?"

Gao Li said, "You want to look for him?"

Little Wu has reluctantly smiled, said, "I... ... Can I go ask him to chat?"

Gao Li has smiled, said, "Can't you see him are the person which does not like chatting very much?"

Little Wu vision is flashing, the item center look is more unusual, slowly said, "Perhaps he likes to chat with me."

Gao Li is staring at him,

After a very long time, finally nodded, said, "On this stomach the strange matter originally are perhaps many very."

(2)

The elephant has not certainly rested. He opens the door time, on the foot also puts on the shoe, in the eye also slightly is not having sleepiness. Without sleepiness, also does not have the expression. He regardless of looks any person, all resembles is looking at together the wood.

Gao Li has smiled, said, "You have not rested?"

Elephant said, "Was resting the person could not open the door."

He speaks very slowly, very stiff, very has been as if long has not spoken, has not been familiar with speaks. Gao Li appears very surprised, as if had the root to be long has not listened to have been to he to speak. In the room is very crude, must beyond the material world except the life in, any other thing all does not have. He simply is the ascetic practices monk's life.

Little Wu only thought here by chance and Shuang Shuang room has had an extremely sharp contrast, likely is two completely different worlds. This big and tall, is vigorous and healthy, strongly, the callous alone arm old person, also and is the completely different two people Shuang Shuang. If does not have the extremely special reason, such two people are cannot live in together.

The elephant already pulled open open the stool which became with the plank nail, said, "Seat."

In the room altogether only has such a stool, therefore Little Wu and Gao Li have not all sat.

Little Wu stands in the entrance, the eye straight cancels looks this old person, suddenly said, "You before has seen me?"

The elephant shakes the head.

Little Wu said, "But you recognize me!"

The elephant shakes the head.

Gao Li has a look him, also has a look Little Wu, says with a smile: "He has not already seen you, how can recognize you!"

Little Wu said, "Because he recognizes my light merit body law."

Gao Li said, "Does your light merit body law have with the others what is different?"

Little Wu said, "Has."

Gao Li said, "How can't I see?"

Little Wu said, "Because your age too is young."

Gao Li said, "Have you very been already old."

Little Wu has smiled, has only smiled.

Gao Liyou asks: "Calculated your light merit body law and the others are different, he has not looked."

Little Wu said, "He has looked."

Gao Li said, "When has looked?"

Little Wu said, "A moment ago."

Gao Li said, "A moment ago?"

Little Wu has smiled, any speech had not all said, the eye actually in looks at on the elephant foot the shoes. On the shoe putty has not done thoroughly. The recent weather is continuously very good, has a flowered furrow of putty is only wet, after every day because dusk the elephant all waters flowers. But when dusk steps on the putty, now should already do thoroughly.

Gao Li certainly is not the slow reaction person, understood immediately hid a moment ago in the rosa indica flowering shrubs the person is he. "Is you?"

The elephant has not certainly denied.

Gao Li said, "You really recognize him?"

The elephant has not denied.

Gao Li said, "Who is he? How do you recognize him."

The elephant not directly replied this speech, has actually turned the head, coldly looks at Little Wu, said, "why don't you go back?"

Little Wu complexion has as if changed, said, "Goes back? Where returns to go?"

Elephant said, "Goes you home."

Little Wu had not certainly asked that, "How do you know my family in where?"

He instead asked that, "Why do I want to go back!"

Elephant said, "Because you must go back."

Little Wu also asked: "Why?"

Elephant said, "Because your father only has a son like you."

Little Wu body is suddenly stiff, likely is suddenly by a nail nail on the place. His eye is staring at this old person, After a very long time, an only then word by word said, "You are not the elephant."

Gao Li easily said that, "he certainly is not the elephant, he is a person."

Little Wu pays no attention to him, or is staring at this old person, said, "You are Handan Jin Kai-jia!" On the old person face or does not have the expression.

Gao Lique could not have borne loses the voice: "Jin Kai-jia? ' Big god of thunder ' Jin Kai-jia?"

Little Wu said, "Is good!" He lightly has smiled, continued, "You were not willing to tell me a moment ago him the origin, because you did not only know who he was."

Gao Li sighed, painstakingly says with a smile: "I indeed did not know he is the big god of thunder."

Little Wu said, "Besides Jin seniors, all over the world, but also some who can utilize that the axe ingeniously?"

Jin Kai-jia coldly is suddenly cold he to say that, "Was only a pity your age too is also young, but also has not seen 20 year ago ' the wind god of thunder axe, is any appearance."

Little Wu said, "But I have heard."

Jin Kai-jia said, "You certainly had heard, has the ear the people all have heard."

On his face although or all does not have the expression, the expression has actually revealed one kind of person's aggression.

Little Wu lightly said that, "But I had not actually thought, earthshaking, is insufferably proud the big god of thunder, unexpectedly can hide in here for others firewood!" In this speech has the thorn as if.

Jin Kai-jia on the face suddenly got up a kind of strange change, also likely is suddenly nailed fast by the root nail. After a very long time, a his only then word for word slowly said, "That certainly wants many thanks you in family's person this speech also as if to have the thorn.

Little Wu said, "You only feared had not thought, unexpectedly can see me in here."

Jin Kai-jia said, "Indeed does not have!"

Little Wu sneers said, "In ten years ago, the big god of thunder also is known as the world Wugong first, today saw me, hasn't killed why me?"

Jin Kai-jia said, "I do not kill you."

Little Wu said, "Why?"

Jin Kai-jia said, "Because you are my savior's friend!"

Little Wu said, "Who is your savior."

Gao Li suddenly said that, "I."

Little Wu is very surprised, said, "You? You have rescued the big god of thunder?"

Gao Liku says with a smile: "I had not certainly thought I rescue am the world first martial arts world master!"

Jin Kai-jia coldly said, "At that time I already am not the world first martial arts world master, how otherwise can bully by that several houseboys."

In his indifferent eye suddenly reveals color of the anger, After a very long time, only then was meeting said, "Since a Taishan service, wound after your father personally in, I no longer am the world martial arts world first master."

Little Wu said, "He has broken you 're- Lou Feixue '?"

Jin Kai-jia said, "Does not have, nobody could break re- Lou Feixue."

Little Wu said, "He although broke a your hand, but you also are left over to have the hand."

Jin Kai-jia sneers said, "Your after all age too young, unexpectedly did not know the big god of thunder uses is left hand axe."

Little Wu was astounded. After a very long time, he suddenly also asked: "You in here daily firewood, for is must practice right hand axe?"

Jin Kai-jia said, "You are not stupid!"

Little Wu said, "How long have you practiced?"

Jin Kai-jia said, "Five years."

Little Wu said, "Now your right hand whether can be similarly clever with the left hand?"

Jin Kai-jia closed his mouth, refuses to reply. Nobody can own Wugong actual situation, tell own personal enemy.

Gao Li sighed, said, "No wonder you winter the firewood, summer also the firewood, now I finally have understood!" He turned to Little Wu, has smiled, said, "Now I finally also knew who you were."

Little Wu said, "Oh!"

Gao Li said, "You are not the surname Wu, you are surnamed Qiu, is called Qiu Feng-wu."

Little Wu has also smiled, said, "Could not think you unexpectedly know my name."

Gao Li said, "In the years past ' peacock's village ' Qiu Lao-Zhuang host, first high was generous in the Taishan 潍 duel world the god of thunder, this war company did not have the ear the person feared all has heard."

Qiu Feng-wu also unable to restrain to sigh, said, "That as soon as fights 潍 may be the startled world but the position spirits and gods."

Gao Li smiles said, "Therefore the peacock village name, I certainly also have heard."

Qiu Feng-wu is staring at him, said, "Qiu Feng-wu also good, Little Wu is also good, all is in any case your friend."

Gao Li said, "Certainly is."

Qiu Feng-wu said, "Moreover forever all is."

His suddenly extension asked Jin Kai-jia, said, "but we certainly are not the friend, now is not, later will not be."

Jin Kai-jia said, "Certainly is not."

Qiu Feng-wu said, "Therefore if you look for the peacock village revenge, all may get rid of as necessary to me."

Jin Kai-jia coldly said, "Why do I have to look for revenge with the peacock village?"

Qiu Feng-wu: "You do not want to retaliate?"

Jin Kai-jia said, "I don't think so."

Qiu Feng-wu said, "Why?"

Jin Kai-jia said, "That as soon as fights originally is the fair duel, the life and death all does not have the complaint, moreover I only broke a hand!"

He has suddenly sighed deeply, slowly continued, "Old man Qiu originally may want me to assign, he actually so long as an my hand, If i certainly must retaliate, is repays a debt of gratitude, is not revenges."

Qiu Feng-wu looks at him, is as if very surprised, also admires as if very much, finally long sighed the sound, said, "No wonder my father often said that, the big god of thunder is the strip great man, wins is the victory, the defeat is the defeat, depending on this point, in jiang-hu several people has not been able to compare on."

Jin Kai-jia very coldly said, "Indeed does not have several people to be able to compare on."

Qiu Feng-wu said, "My father although has won the senior, but big god of thunder actually or world hand!"

Jin Kai-jia said, "Is not."

Qiu Feng-wu said, "Yes. Because my father certainly was not has won the senior by Wugong, but was with is dark."

Jin Kai-jia sank the face, severe voice: "Is dark is not Wugong □□you looks down upon darkly?"

Qiu Feng-wu said, "I... . . . "

Jin Kai-jia said, "The knife sword is a weapon, is dark also is the weapon, I use the wind thunder axe, he uses the peacock feather, he can avoid my wind thunder axe, I cannot avoid his peacock feather, was he wins. Regardless of cannot say he wins is unfair, you cannot."

Under Qiu Feng-wu hangs, on the face actually instead presently leaves the appearance, said, "Right, my mistake."

Jin Kai-jia said, "You knew mistakenly, this quickly went back."

Qiu Feng-wu said, "I now cannot go back!"

Jin Kai-jia said, "Why?"

Qiu Feng-wu smiled said with a smile: "Because I also wait to have to drink Gao Li's celebration drink."

Liquor on table. Each person after excited ding, resembles all likes looking for the cup liquor drinks.

Qiu Feng-wu raises glass sighs: "The hero is a hero after all, resembles forever all can old, really could not think the big god of thunder also has the heroic spirit until today which that kind is indomitable spirit."

Gao Litan: "But these years, his day indeed crosses too painstakingly, I nearly never see him to smile."

Qiu Feng-wu says with a smile: "But he thought you must invite when we drinks the celebration drink, he has actually smiled."

Gao Li said, "Therefore this celebration drink I must please may not."

Qiu Feng-wu said, "I also must drink may."

Gao Li says with a smile: "In the world may have several people to be able welcome drinks his celebration drink to the big god of thunder and the peacock village few villages host?"

Qiu Feng-wu raises glass tosses down, suddenly layer on layer lays down the wine glass, said, "I am not the peacock village young village host."

Gao Li said in consternation that, "You are not?"

Qiu Feng-wu said, "I am not, because I do not match." He completely leans a cup, sighs deeply said, "I only match the executioner which makes in the murder organization."

Gao Li sighed, said, "I really also want to be ill, how you can enter 'July 15'?"

In Qiu Feng-wu stares begins the wine glass, slowly said, "Because I look down upon the peacock feather, looks down upon by the reputation which is dark wrestles, I am not willing to live for a lifetime in the peacock feather

shadow, the picture is a child which hides under the mother skirt, does not have the prospect child."

Gao Li said, "Therefore you want to depend on your original story, is abundant you the reputation."

Qiu Feng-wu nodded, painstakingly says with a smile: "Because I discovered in jiang-hu respects the peacock village, certainly is not respects us the person, but is respects us to be dark, if does not have the peacock feather, our Qiu person resembles is not worth a cent."

Gao Li said, "Nobody such thinks."

Qiu Feng-wu said, "But I actually have no alternative but to think like this that, I join 'July 15', originally is for must thoroughly disintegrate this organization, I continuously in waited opportunity." He also sighs, said, "But I afterwards only then discovered, even if can disintegrate 'July 15', also has not been useful!"

Gao Li said, "Why?"

Qiu Feng-wu said, "because 'July 15' this organizes itself, also only is a puppet, secretly obviously also has the stock mystical abdomen formidable strength to support it, directs it."

Gao Li slowly nodded, the complexion also changes very much heavily, said, "Who can't you guess correctly to direct it?"

Qiu Feng-wu vision flashes, said, "You have guessed correctly?"

Gao Li said, "At least has guessed seven tenths."

Qiu Feng-wu said, "Who is?"

Gao Li is hesitating, finally slowly he said the three words: "Green Dragon Clan."

Qiu Feng-wu makes an effort as soon as to pat the table immediately, said, "Is good, I guessed also certainly is the Green Dragon Clan."

Gao Li said, "A year has 365 day."

Qiu Feng-wu said, "The Green Dragon Clan it is said also have 365 secret minute rudders."

Gao Li said, "From in first lunar month first day to the lunar New Year's Eve, is by chance 365 days."

Qiu Feng-wu said, "July 15 only is their rudder."

Two people suddenly did not speak, the complexion is actually heavier. "July 15" organization strict, method sinister, the strength is fearful, they work as are clear very. But "July 15" actually only is the Green Dragon meets 365 to punish one of rudders. The Green Dragon Clan the organization formidable be fearful, also it can be imagined.

Qiu Feng-wu finally sighs deeply said, "It is said the Green Dragon eldest child once boasted to the person, so long as the positive energy of light according to obtains the place, has the Green Dragon Clan the strength existence."

Gao Li said, "He added so long as sea not dry, the stone has not been rotten, the Green Dragon Clan not be able to destroy."

Qiu Feng-wu gets hold of the double fist, said, "Was only a pity our Green Dragon Clan's eldest child is everybody does not know?"

Gao Li said, "Nobody knows?"

(3)

Gets up Shuang Shuang very much early. Is Gao Lifu she gets out of bed, now they have picked flowers to on the behind hillside. They certainly must have very many speeches to have to say. Yesterday evening, they spoke the opportunity were not certainly many.

Qiu Feng-wu stands in the courtyard, is enjoying this remote mountain early morning center the fresh wind and the sunlight.

He originally very wants to help Jin Kai-jia to make the breakfast, but actually has been caught up with. "Exits, when I work, does not like some people looking in side." Looks this position scolds 了 the for a while certainly generation of master to take the spatula scrambled eggs, also certainly is not really a happy matter. That really makes in the will of the people not to be very uncomfortable.

But Jin Kai-jia actually slightly do not have this kind of feeling. "I make these matters, only because I like doing, works may cause my hand to be clever." "Wugong originally is the world, so long as you are willing the intention, regardless of makes any matter time, all equally may exercise your Wugong."

Now Qiu Feng-wu repeatedly is chewing these speeches, resembles is chewing a Chinese olive, 咬牙切齿. Why he now bright does the only then platinum operate the armor to be able to become the world martial arts world first masters.

The breakfast already served on the table, they contour were standing with come back Shuang Shuang. Jin Kai-jia starts the firewood. Qiu Feng-wu

static looks in side that, only thought his firewood movement cannot say skillfully is exquisite.

What is Wu Xue essential meaning? Some four words are only wholly absorbed, train hard. Actually these four words also similarly are suitable for in the world each matter. Regardless of you make any, if finds out only has wholly absorbed, trains hard.

"You may know who is since the ancient times, uses the axe first master?"

"Does not know!"

"Luban."

"He only is clever artisan's artisan."

"But he is using the axe every day, regarding the axe performance and the special wordistic, nobody can know many compared to him, the axe has become his body a part, he uses the axe to resemble uses the finger to be equally nimble. Ripe, can live skillfully. This how could it not be also is precisely Wu Xue essential meaning."

Qiu Feng-wu long sigh, only thought Jin Kai-jia said these speeches, even compares a Wugong secret to enjoy also has the value. These are not the sovereign masters which these sits all day long in the temple, can be able to say. The sunlight, the far mountain is everywhere verdant.

A full spontaneous old lady, the left hand is leaning on the root walking stick, right is carrying with the hand a black cloth, along the rill steps acts alone, the waist is curved likely is a sun-dried shelled shrimp.

Qiu Feng-wu said, "Nearby this also has other others."

Jin Kai-jia said, "Recent also inside and outside 35."

Qiu Feng-wu no longer asked, the old lady actually walked to the courtyard outside, is panting for breath, is accompanying said, "Two sirs want to buy several eggs?"

Qiu Feng-wu: "Is the egg fresh?"

The old lady says with a smile: "Certainly fresh, does not believe sir you to trace, or is hot."

She enters, squats unties the black cloth cloth wrapper on the place. In the cloth wrapper egg really greatly also is round. The old lady picks up, said, "The fresh egg eats uncooked nutritiously, is flushing with the boiling water."

Her speech had not said, suddenly listens "whish", a vertical stroke arrow penetrated the great-grandmother the back. Old lady's face suddenly twists, gains ground, wanted to shoot as if the hand in egg, but already but actually.

After that, has man in black 箭 Shan Dunhou to flee, 35 rises and falls, has plundered into the courtyard, any speech all did not say, has taken up old lady's egg, shoots by far, falls the rill. Only listens to "the bang", the mountain stream four splashes.

The man in black now at last long puts out the tone, said, "Good danger." Qiu Feng-wu complexion has changed, resembles Lian Huadu not to be able to say.

The man in black has turned away to him reluctantly as soon as smiles, said, "What person did your excellency see this old lady is?" Qiu Feng-wu shakes the head.

The man in black pulls down the sound, said, "She is a 'July 15' assassin." Qiu Feng-wu changes the color: "July 15? Your excellency you... ... "

The man in black: "I... ..." His word just said, a body suddenly also distortion, the face distorted, the corners of the mouth also flowed out the blood. The blood first-class comes out, turns black.

Jin Kai-jia the complexion has also changed, drops out the axe to catch up with.

The man in black has dropped down, two hands are holding the belly, is struggling said, "Is quick... ... Quick, on in my body wooden bottle has the antidote... ... "

Jin Kai-jia wants to pass takes, Qiu Feng-wu has actually held on him.

The man in black's facial expression is more painful, chokes up the voice: "Ask you... Quick, is quick... ... Again late without enough time." Qiu Feng-wu coldly looks at him, coldly said, "Doesn't the antidote on your body, why you take? "

Jin Kai-jia gets angry: "Can't you see him not to be able to move, how can we see somebody in danger and do nothing."

Qiu Feng-wu sneers said, "He has refused stubbornly."

A man in black's face distortion, the sudden arrow generally flees from the place, raised hand to split out seven Ukraine star. That old lady unexpectedly also jumped from the place, as soon as waved the hand, has shot two eggs.

Qiu Feng-wu becomes aware has not fended, instead has welcomed. Two eggs suddenly arrived in his hand, slides into his 箭. The old lady flies Gao Li up from failure, pours flees. Suddenly discovered Qiu Feng-wu arrived in front of her. Her double fist is uneven, the double front passes through the ear. But Qiu Feng-wu palm of the hand had actually passed through from

her double fist in, her fist also, Qiu Feng-wu becomes aware the palm of the hand has patted on her chest.

Gently a racket. Old lady's person likely is suddenly stuck to by this palm of the hand, the double arm just dangled, the person could not move. Then she hears to a bone break sound.

Jin Kai-jia pinched that man in black with an arm, pinched tightly, relaxed, the man in black suddenly between likely was pile of putties but actually, the break rib slanting slanting punctured, has worn out the upper and lower garments. The blood slowly disperses on the place. Slowly permeates center.

Jin Kai-jia is staring, the item band of light kind is thinking deeply the color, is similar this life never to bleed is same. The old lady does not stop shivers. Also did not know is because of Qiu Feng-wu this kind of unusual palm strength, or because of that bone disruption sound, she suddenly feared likely is just the child which awakened from the nightmare.

Qiu Feng-wu gray seizes her to be spontaneous, makes an effort to lag behind, brought her facial skin to pull together down, has revealed another face. Thin and small, wax yellow, 皓皓, but actually extremely young face.

Qiu Feng-wu coldly looks at him, said, "You are newly come?"

This person nodded.

Qiu Feng-wu said, "You knew who I am?"

This person has licked sends to the lip, said, "I... ... I have heard."

Qiu Feng-wu said, "Then you should know, I at least have 30 methods to be allowed to let you regret why has to give birth to."

This person reluctantly nodded, on face already nobody color.

Qiu Feng-wu said, "Therefore you should better or say really lives."

This person: "I said... ... I said."

Qiu Feng-wu said, "You have come several people?"

This person: "Six."

Qiu Feng-wu said, "What person all is?"

This person: ' I did not know that, really does not know."

Qiu Feng-wu said, "Their person in where?"

This person: "On that side the mountain, is waiting for us... ... "

His speech had not said, suddenly hears a bone disruption the sound. He bone disruption sound. Qiu Feng-wu had turned around, looks at not again. He kills people from no longer looks at.

Jin Kai-jia actually also in is staring at on blood, suddenly said, "I had not killed people in six years."

Qiu Feng-wu said, "Six years have indeed not calculated short."

Jin Kai-jia said, "When my 13 years old starts to kill people, until today, I only then knew the murder is the matter which makes one sick."

Qiu Feng-wu sighed, said, "Only that also is compares is killed many."

Jin Kai-jia suddenly gains ground, is staring at him, said, "How did you know they are kill you?"

Qiu Feng-wu painstakingly says with a smile: "Only because I before also has done with their same matter."

Jin Kai-jia also wants again to ask that, has heard to Shuang Shuang sound: "before you what matter has made?" ... Leaning on Gao Li's shoulder, Shuang Shuang stands under the sunlight.

Gao Li complexion pale and is intense, but on the face actually is bringing Shuang Shuang compared to the sunlight also bright smiling face. Qiu Feng-wu never thought she looked like also can change so beautifully. World. What also has happy and is more self-confident than can cause a woman to change beautifully?

Qiu Feng-wu did not know how replied her living, actually also Shuang Shuang was asking: "I resembled a moment ago hear yours to say the murder corpse."

Qiu Feng-wu has finally reluctantly smiled, said, "We were saying the story a moment ago."

Charmingly asked Shuang Shuang: "What story? I most liked listening to the story!"

Qiu Feng-wu said, "But this story is actually not pleasant to hear."

Shuang Shuang said, "Why?"

Qiu Feng-wu said, "Because in this story, some people are killing people!"

On the face resembled Shuang Shuang also had a shadow, mournful said, "Why do some people always have to kill them."

Qiu Feng-wu slowly said that, "This perhaps only because if they do not kill people, the others must kill them."

Slowly nodded Shuang Shuang, the look is more miserable, suddenly knits the brows: "How does here have the blood fishy smell?"

Jin Kai-jia said, "I have killed a chicken a moment ago."

Lives in the mountain Lin Zhongdi person, each family all raises the chicken. Stupidest person, also cannot make a long and wearisome journey, takes the egg to sell to this kind of place. Regardless of has hit any type poison, not not impossibly flows the blood from the corners of the mouth immediately to turn black, is more impossible when poisonous sends falls to the ground, but also can each word say very much clearly.

This certainly is not because "July 15" the murder plan has owes thoroughly. This only because decides the plan the person, never has been to in this remote wooded mountain, only because comes that person, or first participation murder motion. But they are meeting is the experienced expert. Moreover this time moves to the present does not have completely to be defeated.

Behind also has four people. What true is fearful is these four people.

(4)

The food must eat, Qiu Feng-wu instead eats specially many. After this food has eaten, next did not know when has to wait till can eat. He hoped Gao Liye eats. But Gao Lique continuously in looks Shuang Shuang, in item has filled color of the anxiety. He obviously has many things to ask Qiu Feng-wu, actually he cannot do that in front of Shuang Shuang.

On the dining table has Shuang Shuang is only happy. Knew jumps over little, worry anxious less, therefore some times are ignorant instead are the happiness.

Suddenly Shuang Shuang said, "Today how don't you drink?" Qiu Feng-wu reluctantly says with a smile: "Only the genuine drunkard, the white talent drinks."

Shuang Shuang said, "You are not the genuine drunkard?" Qiu Feng-wu said, "Luckily is not."

Hangs under Shuang Shuang, suddenly gently said, "If celebration drink?" In Qiu Feng-wu heart resembled was suddenly punctured a needle. The celebration drink, they how could it not be this are waiting to drink Gao Li's celebration drink?

He gains ground, discovered Gao Li's hand is shivering. A face already pale like paper. Did not have the celebration drink. Anything did not have.

Only has the blood! Perhaps is others' blood, perhaps is own blood, flows the endless blood. In your hand so long as is moistening a rank smell of blood, this life forever must sway back and forth in the rank smell of blood. Qiu Feng-wu is having the soup, only thought this soup also acid also is also rank, resembles the blood to be same.

On Shuang Shuang face, actually the oneself exuded blushed, happy and shy blushing. She is hanging the head, gently said, "A moment ago... ... His said a moment ago with me, he said you all have also known."

Qiu Feng-wu said at a loss that, "We have all known."

Blushes Shuang Shuang, charmingly said, "I thought you certainly can congratulate us!"

Qiu Feng-wu said, "Congratulation."

He only thought in the mouth is full is the bitter water, swallows also cannot swallow, spits also cannot spit. He in knew high resolves certainly compares him painstakingly.

Shuang Shuang said, "Since has the matter to be worth congratulating, why you don't drink the cup liquor?"

Gao Li suddenly stands up, said, "Who said we do not drink, I take the liquor to go."

Shuang Shuang charmingly said, "Today I also want to drink, I never have such happy."

Gao Li said, "I also never have such happy."

He although has stood up, but the body actually resembles has been stiff. In the courtyard corpse has not buried, under the sunlight gradually witheredly is withering. Pursued kills them the person already on the road, along with engraved as necessary all possibly appears.

She tranquil happy life, saw with own eyes must destroy, all possibly destroys including the life. But her this life has been never such happy, Gao Li only thought cheek ice-cold, the tear along the cheek, the subcrust current has slowly gotten down... ...

Qiu Feng-wu really does not endure to look at on Gao Li's facial expression again, also does not endure to look again Shuang Shuang. After he for fear that looked, own also can cry.

Jin Kai-jia continuously in 咳嗽, swallows, suddenly lays down the chopsticks to stand up said, "I exit."

Qiu Feng-wu said, "Goes to where?"

Actually he does not need to ask. He certainly knew Jin Kai-jia is must vigorously they block these people.

Jin Kai-jia said, "I go out for a walk."

Qiu Feng-wu said, "We go together."

Shuang Shuang said, "You must exit, the liquor has not drunk."

Qiu Feng-wu reluctantly says with a smile: "The liquor may wait for us to come back drinks again, we look for fresh bamboo shoots to burn the chicken."

Gao Li has suddenly smiled, lightly said, "You did not need to go, bamboo shoots already in courtyard." His sound is very tranquil, is much tranquiler. Is much tranquiler.

Qiu Feng-wu has turned head, a heart immediately has also sunk.

Four people slowly walked into the courtyard.

(5)

The sunlight is bright, all flowers blooms together. How good weather. The first person slowly enters, four sides looked at, mutters: "A good place, it is a good place." This person's face is very long, likely horse's face, on the face was covered with the grain of pea's lump, in the eye has covered entirely the capillary. Some people inborn are bringing the kind ominously, he is this kind of person!

In the courtyard has a stump. He slowly sits down, "chokes", draws out a handle serious ghost knife. He uses this to start the knife to repair his nail. 36 catty heavy ghost knife, in his hand, is light likes is the willow tree leaf is same. Gao Li knew him.

His name is Mao Zhan! "July 15" in this organization, kills people many is he. He each time kills people when all approached crazily, as soon as saw the blood, completely is crazy. If not for because him already arrived the Yunnan boundary to kill people, previous time assassinated Baili Zhang-qing motions, certainly also had him.

Second individual slowly enters, also four sides looked at, said, "The good place, can die in this place is really good." This person's face is the miserable green, cannot see the meat, the nose like hawk hook, the eye also to resemble specially eats the corpse 𠀤 the hawk to be same. In his hand raises the handle mourning door sword, the sword light also is looking like his face to be same, is dodging the miserable green light. He looked like

certainly does not have the wool to fight ①, but cloudier ②③cloudy sometimes ① is actually more fearful than.

In the courtyard has the melt tree. He as soon as enters, has lain down under the tree shade, because he always most detests the sunlight. Gao Li does not recognize him, actually recognizes his sword. "Soul sword" Ma Feng. "July 15" already is absorbing this person, moreover has spend many prices, he certainly is worth.

He ever not easily kills people, even very little gets rid of. But he must kill the person, has all entered the coffin. He kills people when ever is not willing some people to look in side, because sometimes links he all to think he uses the method too is brutal.

"If you kill a person, after must want he changes makes trouble, all does not dare to ask you to retaliate!"

The third person is big somewhat already extremely fat, but footsteps very light, is also lighter than the cat. Gao Li certainly also recognizes him. This person unexpectedly is Ding Gan.

He slowly enters, four sides looked at, easily said, "The good place, really a good place, can wait for death in this place, the good fortune is really good." He also sits down, sabre repairs the beard with the hand in.

He with Mao Zhan ben is the diehards, the every action and every movement all unintentionally was asking is imitating the wool war. If said his this person also has a friend, is the wool war.

Fourth looked like very refined, very friendly, the fair and clear face, Hu to decorating clean and is neat. He folded his arms, leisurely walked, not only the face is bringing the smile, the eye also is smilingly. He has not spoken, on the body also does not have the weapon. He looked like is especially visits the friend on the picture scholar.

But Gao Li and Qiu Feng-wu sees this person, actually suddenly thought has the chill in the air self sufficient bottom to raise. Looks like this person Mao Zhan, Ma Feng, Ding Ganja gets up also wants much more fearful.

Because they recognize him. He is. "July 15" this organization's leaders, "nether world talented person" Ximen Yu! Gao Li in this organization already exceed three years, but actually always has not seen the west door king personally attack anyone.

It is said he kills people, extremely is very slowly slow. It is said he some time killed a person unexpectedly to kill two days. When after it is said two days this person died, who also couldn't recognize him once was individual. But these certainly only are the fables, believed the person are not certainly many. Because he really too refined, too Xiu ability, moreover gentle, gentle is courteous. Likely such can a refined person, how kill people?

Now he also smilingly stands in the courtyard waited, also does not worry, also has not had a fit of temper likely wants him to wait for three days three nights not to relate again. But Gao Li and Qiu Feng-wu actually knew now their oneself arrived must exits the time: Their isologue.

Qiu Feng-wu quietly pulled out his sword from the wall. Gao Li slowly takes up his spear from the corner of a wall.

Suddenly Shuang Shuang said, "Outside some people have come, is the friend which you invites to drink the celebration drink?"

Gao Li nips the tooth, said, "They are not friends!"

Shuang Shuang said, "If not friends, what persons?"

Gao Li said, "Robbers."

The face discoloration, as if immediately has needed to faint Shuang Shuang. In high resolves also is grieved, supple voice: "I am called the elephant to hold you to return to the room to rest." I am very quick can expel the robber."

Shuang Shuang said, "Is really very quick?"

Gao Li said, "Really!"

He reluctantly is enduring patiently, does not let the tear flow off. He only hoped this is oneself last time deceives her. Perhaps this really was last.

(6)

Mao Zhan huan in 蒋环, Ding Gan huan in repairs the beard, Ma Feng lies down under the tree shade, Lian Toudu has not lifted. In their eye, "Little Wu" and Gao Liji only is two deceased people.

But Ximen Yu has actually welcomed, the smiling face gentle and is kind, smiles said, "You these two days laborious?"

Qiu Feng-wu also has unexpectedly smiled, said, "Fortunately."

Ximen Yu said, "Yesterday rested is good?"

Qiu Feng-wu said, "We return rest, can eat to the full."

Ximen Yu has smiled, said, "Can eat rests is the good fortune, previous I give your money, you have squandered?"

Qiu Feng-wu said, "Also some point."

Ximen Yu says with a smile: "Certainly also has, I already heard Baili Zhang-qing are a very natural person."

Qiu Feng-wu said, "Good, he has given us each person 50,000 taels, could not think rescues the person the money which gains the murder to be also more than."

Ximen Yu nodded, said, "This but actually will remind me, I only had later feared also must change professions."

Qiu Feng-wu said, "Now!"

Ximen Yu smiles was saying that, "Now I also want to kill several people for free."

Qiu Feng-wu sighed, said, "I this this also kill individual for free, was only a pity his skin too has been thick, I also so as to avoid spend the physical strength."

Ximen Yu said, "You said Ding Gan?"

Qiu Feng-wu said, "My only strange skin such thick person, does the beard is how long come out."

Ximen Yu said, "He indeed brazen, is shameless, moreover also has killed two partners, you guessed how I do have to cope with him?"

Qiu Feng-wu said, "Cannot guess correctly!"

Ximen Yu said, "I prepare kindly give his 500 taels, because he finally lived is going back told yours whereabouts I." He has smiled, easily said, "You looked that, my award and punishment is not always is very fair?"

Qiu Feng-wu said, "Is indeed very fair."

Ximen Yu suddenly also sighed, said, "I knew you now accompany me to chat, but is in waited the opportunity kills me, I throughout thought you are most understood how kills a person. Therefore I really am a pity for you!"

Qiu Feng-wu said, "What do you also know?"

Ximen Yu said, "I also knew you certainly can wait for me in here."

Qiu Feng-wu said, "Why?"

Ximen Yu said, "Because leads a woman to walk, not greatly is always convenient, this woman cannot throw down."

He has suddenly smiled to Gao Li, said, "You said is right?"

Gao Li coldly said, "Antipode."

Ximen Yu smile said, "The long time heard the wife is the angel beautiful woman, why do you not please come out let us see?"

Gao Li said, "She only sees the person, does not see your this kind... ..."

His body is suddenly stiff, sound immediately hoarse. Because he has heard to Shuang Shuang sound of footsteps. Has been struggling Shuang Shuang, walked, is not stopping the respite. Each person's eye all suddenly opened the eyes in a big way, the picture suddenly sees the person which had three legs.

Mao Zhan suddenly laughs, said, "You saw not to have, this was Gao Li woman!"

Ding Gan says loudly with a smile: "This is a woman? This simply is a monster, in every sense of the term monster."

Mao Zhan added: "If who has to marry this kind of monster, I would rather am the monk, would rather knocked dead!"

Gao Li face twisted the distortion because of the pain. He does not dare to turn head again looks Shuang Shuang. He suddenly liked the wild animal which was wounded to flush exited. He'd rather die, rather died 1,000 times, even 10,000, rather than let Shuang Shuang under this kind of attack.

### **Chapter 3: Destiny**

(1)

The knife skill, the famous expert, frequently can think is very stupid with the double knife double sword, even hand. Looked like in the marksmanship famous expert eye that, the double spear simply cannot be one kind of spear. Because Wugong just like in the world very many other matters are also same, many, certainly not necessarily is good.

In a hand steadily seven fingers people, and not necessarily can compared to only have five fingers person finer Yu Dianxue. True fine Yu Dianxue person, so long as uses a finger to be enough. But with double knife double sword person, also has their truth. "The person obviously has two hands, why only uses a weapon?"

Regardless of which kind of truth quite is correct, now actually cannot some people think Gao Li is laughable. His double spear on the picture is the poisonous dragon angle, flies hawk's wing. He has flushed from Ximen Yu, his spear departed, this spear departs, the expression bloody battle started but Qiu Feng-wu or not to move.

Because Ximen Yu has not moved, even Lian Kandu has not gone looked at Gao Li. His eye continuously is staring at Qiu Feng-wu hand, grasps the sword the hand. Qiu Feng-wu has been possible to feel own control are infiltrating the cold sweat.

Ximen Yu has suddenly smiled, said, "If I were you, on have now laid down this handle sword"

Qiu Feng-wu said, "Oh!"

Ximen Yu said, "Because if you lay down this handle sword, perhaps also has the opportunity which the live factory goes."

Qiu Feng-wu said, "Some how many opportunities?"

Ximen Yu: "Are not certainly many, but at least always compares completely does not have the opportunity many."

Qiu Feng-wu said, "Gao Liyi completely does not have the opportunity."

Ximen Yu said, "His marksmanship is good, in uses the spear in the master, he has nearly been possible to be best"

Qiu Feng-wu said, "You said very much fairly."

Ximen Yu said, "I have looked at his marksmanship, also looks at him to kill people, in the world certainly nobody compares me to understand his Wugong."

Qiu Feng-wu said, "I knew you pay attention to him certainly very much."

Ximen Yu said, "I also very much understood Mao Zhan and Ding Gan."

Qiu Feng-wu said, "You thought they are enough to cope with Gao Li."

Ximen Yu said, "At least already almost."

Qiu Feng-wu said, "I."

Ximen Yu said, "I understand you certainly very much."

Qiu Feng-wu said, "You and Ma Feng are enough yo cope with me!"

Ximen Yu smile said, "Has disliked many."

Qiu Feng-wu said, "You calculated has only then come."

Ximen Yu said, "Must know known other, can be ever-victorious, if does not have the ninety percent sure assurance, how I can come."

Qiu Feng-wu suddenly long puts out the tone, resembles a drift on the sea, soon was already drown to death the person, had suddenly discovered the land is same.

"The ninety percent sure Ximen Yu also has miscalculated after all." He has not calculated Jin Kai-jia. He certainly has a dream cannot think, in years past prestige town world big god of thunder also in here.

"Regardless of is many and few mistakes, all possibly can be the fatal mistake." His this □ mistake may be really big awfully.

Qiu Feng-wu slowly nodded, said, "You indeed considered very thoroughly, four people are indeed plenty enough to cope with us two."

Now they although have not seen Jin Kai-jia, but he actually knew Jin Kai-jia surely can at the suitable time appears. He nearly cannot bear wants to smile. The double spear dances in the air. Flashes the silver light, reflects on his face, he looked like so has never been relaxed.

Ximen Yu is staring at his face. Suddenly has smiled, said, "I knew here also has a person."

Qiu Feng-wu said, "You know?"

Ximen Yu discusses the pale tunnel: "Therefore we come the four of us."

Qiu Feng-wu sighed, said, "I although have not seen, but finally already has thought."

Ximen Yu said, "Oh."

Dances in the air the knife and the spear behind him, are away from him also to be inferior to two feet. The sword and spear clash, often makes the soul-stirring sound, cold measured the knife wind, has caused him to send the long neck hair to be scattered in disorder. But on his face actually links muscle all not to shiver.

Qiu Feng-wu also has no alternative but to admire, he always has not also seen the so calm person. He has also smiled, said, "Also has other person? Is not prepares in behind to set on fire?"

Ximen Yu said, "Yes."

Qiu Feng-wu said, "First sets on fire the room partition my escape route, rerolls front and around you clamps the recluse."

Ximen Yu said, "You resemble understand me very much."

Qiu Feng-wu said, "I study quickly."

Ximen Yu sighs: "You originally indeed may be my good helper."

His vision suddenly puts aside from Qiu Feng-wu body, transfers to Shuang Shuang on the body. Also stands Shuang Shuang in the entrance, stands in the sunlight factory. She slender emaciated hand-held door, all possibly but actually the factory is going as if as necessary.

But she has not dropped down. Her body resembles has been completely stiff, on the face also is bringing a kind of indescribable expression she although has not dropped down, but her entire person actually resembles completely collapsed. You forever are unable to imagine to that are a kind of how posture and the expression.

Qiu Feng-wu does not endure to turn head looks at him, suddenly has smiled, said, "The fire got up?"

Ximen Yu said, "Does not have."

Qiu Feng-wu said, "Why doesn't have?"

Ximen Yu said, "You in worry for me."

Qiu Feng-wu said, "I only feared they cannot set on fire."

Ximen Yu said, "Who can set on fire."

Qiu Feng-wu said, "One kind of person cannot only."

Ximen Yu said, "Deceased person."

Qiu Feng-wu smiled.

At this moment, Ximen Yu poorly broke through from his body, flushes to Shuang Shuang, continuously lies down under tree's Ma Feng, also suddenly plunders, the miserable 剑 sword light in a flash, anxious thorn Qiu Feng-wu neck.

But also at this moment, behind the room suddenly flies two people shades: "Thud", falls has not looked at these two people in the place Ximen Yu, because he already calculated they already were the deceased person saw oneself have miscalculated.

Now his goal is Shuang Shuang. He also can see Gao Li to Shuang Shuang sentiment. So long as can hold under duress Shuang Shuang, this fights vertical cannot win, at least also can the whole body draw back.

Has not moved Shuang Shuang, has not fended. But she behind actually appeared a person. A godly giant.

Jin Kai-jia on like this casually stands in the entrance, as if completely does not have slightly to alert. But regardless of everybody may be able to see, intercepts but actually him is not accommodates the easy matter.

On his face also no expression, a pair of dead gray opening the eyes, coldly looks at Ximen Yu, he has not certainly gotten rid of details, but Ximen Yu body law actually suddenly stops, likely is on the stone wall which suddenly arrives cannot see at the same time.

This already does not have the alone arm person which the expression, also does not have the alert, on the body unexpectedly resembles brings Ximen Yu corner of the eye muscle which the kind cannot say to resemble has drawn tight, is staring at him, word by word said, "Your excellency reveres the surname?"

Jin Kai-jia said, "Jin!"

Ximen Yu said, "Jin, Jin of gold?"

He suddenly discovered this alone arm person Yan Li iron axe, his entire person resembles has been also stiff.

Big god of thunder JU Jin Kai-jia said, "You cannot think?"

Ximen Yu sighed, painstakingly says with a smile: "I have miscalculated, I originally should not come."

Jin Kai-jia said, "You have come."

Ximen Yu said, Now can I also walk?"

Jin Kai-jia said, "Cannot. "

Ximen Yu said, "I may keep a factory hand."

Jin Kai-jia said, "□a hand is insufficient."

Ximen Yu said, "What do you also want?"

Jin Kai-jia said, "Wants your life."

Ximen Yu said, "Does not have the transaction?"

Jin Kai-jia said, "Does not have."

Ximen Yu long sighs, said, "Good."

He suddenly gets rid of, his goal or Shuang Shuang. The protection others, always protect oneself are more difficult than, perhaps Shuang Shuang is Jin

Kai-jia the only weakness, only empty opening. Jin Kai-jia protection Shuang Shuang. He knew the best defense, is the attack.

His king thousand wields, iron axe divides the factory. This axe simple, is pure, does not have the change, after this □axe after any had not been changing. iron axe straight divides, center is in Wugong the simplest one kind of racket type.

But this move actually is does hundred times of changes after the factory, again changes. This axe returns Egypt to return to original condition, approached completely. Nobody can describe this axe that kind of strange also nobody can understand.

Even Ximen Yu all cannot. He sees when iron axe divides down, has been possible to feel the ice-cold sharp axe chops he hears iron axe the rumour when the oneself body, simultaneously has also heard own bone break sound. He nearly cannot believe this is real.

Can the death, how be such an unreal matter? Also does not have the pain, also does not have the fear. He does not have earnestly to think dies this matter time, suddenly, the death has seized his life. Then will be forever the without limits darkness.

Or has not moved Shuang Shuang, but the teardrops has slowly perished from the face flows off... ...

Suddenly, also is miserably shouts. Qiu Feng-wu true enlightenment results in Ma Feng is when is very fearful to in, Ma Feng has made a fatal mistake. He wielded the sword to be too high, gets down the abdomen to reveal the empty opening.

Qiu Feng-wu Lian Xiangdu has not gone thought that, the sword front punctured the bud factory his belly. Ma Feng person as soon as jumps on the sword, likely fishes the hook seven fish. When his body falls down, the blood only then flows out, falls by chance on he body. He also dies very quickly.

Mao Zhansi has been completely crazy. Because he has smelled the blood fishy smell, he only is crazy ' smells dish rank hunger wild Bai Zizhei on the oak to plant crazily this approached the death. He could not see other person, only can see Gao Li's dancing sword skill to incur.

Ding Ganyi in one to the backlash, suddenly turns around step by step, also □ skill.

Qiu Feng-wu waited in there coldly looks at him, coldly said, "You want to walk?"

Ding Gangai stimulated the dry lip, said, "I have said, I also want exactly."

Qiu Feng-wu said, "You also have said, in order to live, your any matter all is a willing worker."

Ding Gan replied: "I have said.

Qiu Feng-wu said, "Now you may make a matter for me."

In Ding Ganmu reveals color of the hope, asks immediately: "What matter?"

Qiu Feng-wu said, "Is Mao Zhan your good friend?"

Ding Gan replied: "I do not have a friend."

Qiu Feng-wu said, "It is good, you kill him, I will not kill you."

Ding Gan any speech all not to say, his hand has raised. Three handles sabre lightnings depart, three handles sabre all stared at into the Mao Zhan left chest.

Mao Zhankuang roars, suddenly turns head. He could not see Gao Li, cannot see the silver spear which that dances in the air. The silver spear has lived. He stares at Ding Gan one proceeds step by step, on the chest blood does not stop toward the lower reaches.

On Ding Gan's face already all did not have the scarlet, one step by step toward backlash with a malicious voice: "You cannot blame me, I to calculate accompanies you to die, also does not have any advantage."

Mao Zhan clenches teeth, the corners of the mouth also had the blood to seep out.

Ding Gan suddenly sneers, said, "But you also not must think I fear you, now I must kill you only am the slight effort." His hand raises.

Then his complexion sudden disastrous incident, because he discovered the oneself double arm has been gripped by the person. The wool fights or in one proceeds step by step. Ding Ganque has been unable to move again, is unable to draw back again. Qiu Feng-wu hand is two iron hoops, closely has gripped his arm.

Ding Gan the ghastly pale look, trembles the voice: "Let me go, you has promised me, puts me to walk."

Qiu Feng-wu lightly said that, "I do not kill you."

Ding Gan replied: "But he... . . . ."

Qiu Feng-wu indifferent said, "If he kills you, also has any relations with me."

Ding Gan suddenly loudly miserably shouts, likely is falls falls Gansu's wild animal. Then he linked sucking breath also to stop. Mao Zhanyi arrived in front of him, slowly draws out a handle sabre, after slowly punctured the person his chest three handles sabre all to puncture the person his chest, he also miserably was shouting, miserably was shouting but actually.

Mao Zhan looks he but actually, suddenly turned around, deep is deep to the Qiu Feng-wu one bow. His any speech had not all said. He uses in the oneself hand the knife, has cut off own throat.

Nobody moves, does not have the sound. The blood slowly permeates the earth which the sunlight shines, deceased person's corpse resembles started witheredly.

Shuang Shuang finally but actually.

Qiu Feng-wu looks at himr, likely is looking a fresh flower gradually withers... ...

(2)

The sunlight shines the earth.

Jin Kai-jia wields iron axe, layer on layer has chopped. Wants the heart in grief and indignation, to give vent as if in the earth. The earth does not have the language. It not only can breed the life, also similarly can accept the death.

Fresh flower opens when the place, could not say also is precisely the corpse at the underground rotten time. The grave has dug. Jin Kai-jia mentions Ximen Yu the corpse, has thrown.

A person joyful and the hope is not similarly so is also easy to bury? He only knew Shuang Shuang joyful and the hope has been buried, now he only perforated sees it in underground to be rotten.

You take away a person's life, sometimes instead takes away his hope to be more benevolent than. He really does not dare to imagine, completely did not have the hope can the person, how also exactly under he also live, because he although not joyful, also is actually hopeful.

Shuang Shuang?

He never bursts into tears, does not burst into tears. But so long as as soon as remembered that originally to fill happy and the self-confident face Shuang Shuang, in his heart likely had the needle to puncture.

Now he only hoped that two young people can comfort her, can let her live. He have been old. The comfort woman, actually is  the matter, the old person has only been able to excavate the grave for the deceased person.

He passes through, bent the waist mentioned Ma Feng corpse. Ma Feng corpse unexpectedly reactivates! Ma Feng has not certainly died. The abdomen certainly is not person's strategic point, the majority abdomen is pierced, actually also may exactly. Thought the abdomen is the critical person, only is a kind of illusion. Ma Feng has used this kind of illusion, intentionally has suffered a sword of Qiu Feng-wu.

Jin Kai-jia just mentioned him, his sword pricked Jin Kai-jia waist, is not straight to 𠂇.

(3)

The sword also in Jin Kai-jia on the body, Ma Feng actually ran away. He grasped the best opportunity to run away. Because he knew Gao Li and Qiu Feng-wu certainly can first think the method rescues the person, then pursues him. Therefore he has not certainly wanted Jin Kai-jia surely to engrave dies.

When Gao Li and Qiu Feng-wu expel, Jin Bingjia but actually. Now his Yang Tang on the place, does not stop is panting for breath, bad the sound asks: "Shuang Shuang?" Now he cares about or the others.

Gao Li reluctantly is enduring patiently in the heart sorrowfulness, said, "Her body is too weak, but also has not awaked."

Jin Kai-jia said, "You should let she rests a time, waits when she wakes, said I walked he fiercely to cough, also said, "You surely do not tell her me already the dead factory, surely did not want... ..."

Gao Li said, "You have not died, you cannot die."

Jin Kai-jia has reluctantly smiled, said, "Dying is not a big deal, why do you made this kind of appearance to come, to let me look have been uncomfortable."

Qiu Feng-wu reluctantly has also smiled, wants to say several happy speeches, actually cannot say.

Jin Kai-jia said, "Now this place you have not been able again to stay behind, more quickly walks well."

Qiu Feng-wu grasps principles: "Yes."

Jin Kai-jia said, "Gao Li certainly must bring to walk Shuang Shuang: "

Qiu Feng-wu said, "You felt relieved, he has not been able to drop out Shuang Shuang."

Jin Kai-jia said, "I also hoped you comply an my matter."

Qiu Feng-wu said, "What matter?"

Jin Kai-jia said, "Goes back, I want you to go back."

Qiu Feng-wu nips the tooth, said, "Why wants me to go back?"

Jin Kai-jia respite said, "You went back, they cannot again find you, because who also couldn't think you can be the peacock village young master."

Qiu Feng-wu said, "But... ... "

Jin Kai-jia said, "They cannot find you, also cannot find Gao Li, therefore in order to Gao Li, you also should go back: "

Qiu Feng-wu has silenced the half of the day, suddenly said, "I may lead them to go back together: "

Jin Kai-jia said, "May not: "

Qiu Feng-wu said, "Why?

Jin Kai-jia said, "Peacock village person very many, the mouth are also many, saw you lead such two people to go back, the news sooner or later certainly can disclose."

Qiu Feng-wu said that, "I do not believe them really to dare to look for the peacock village to go: "

Jin Kai-jia said, "I knew you do not fear the trouble, but I also know Gao Li's temperament: "

He has coughed the good period of time, only then continued, "He always is not willing for the friend to make the trouble the person, if you really are his friend, should let him bring Shuang Shuang, tranquilly to go to their latter half of life."

Qiu Feng-wu said, "But he... ... "

Jin Kai-jia said, "If he really arrived the peacock village, you certainly all can regret."

Qiu Feng-wu said, "Why?"

Jin Kai-jia said, "You do not need to ask I why, you certainly do want to believe me... ... "

He is struggling, including pants for breath all resembles has been unable the respite.

Crossed a very long only then word by word said, "If you are not willing to promise me, I die cannot limit the goal: "

Qiu Feng-wu gets hold of the double fist, said, "Good, I promise you, only has you to live, we can cope with the Green Dragon Clan: "

He clenches teeth, continued, "Only when the Green Dragon to be able to disintegrate that one day, our everybody can have the life: "

Jin Kai-jia said, "You can have the day, but actually cannot use me."

He has reluctantly smiled, continued, "You should better remember that, must overthrow the Green Dragon Clan, is not the matter which any person can achieve, the peacock feather the masters are not all good."

Qiu Feng-wu said, "You... ... "

Jin Kai-jia said, "I am not better, must overthrow the Green Dragon Clan, only has remembers four words."

Qiu Feng-wu said, "Which four words?"

Jin Kai-jia said, "Works together heart and soul."

"Works together heart and soul!"

These four words are a this vertically and horizontally the martial arts world giant, finally stays behind lesson. He come and go freely, vertically and horizontally world, when he arrived at the point of death, remains actually is these four words. By now because he only then truly understood, in the world certainly does not have any kind of strength, can compare on "works together heart and soul".

Now he said the speech which he must say. He knew his death had the value. Must exactly have the value to be no doubt difficult, must die valuably ㄇㄻ is not easy.

(4)

Dusk.

The setting sun illuminates from the window comes in, according to in roof pinnacle. Two mice come out from the corner hole, swaggering, because they thought in the room nobody, in the room had the person, some three people.

Gao Li and Qiu Feng-wu very straightly stand in front of the bed, looks still in the deep sleep Shuang Shuang. The mouse has fled from their foot, also flees. They have not moved, also has not sat down. They are punishing as if oneself.

All misfortunes, how could it not be all are their two people create? Looks when the soil covers Jin Kai-jia on the body, they have not certainly burst into tears, because they have remembered Jin Kai-jia the speech.

"Death certainly is not a big deal."

Indeed is not. Because some people although have died, but his spirit actually or forever is living. Lives in the will of the people! Therefore dies, is not certainly painful, is certainly must exactly person which is painful.

Now they look Shuang Shuang, the tear instead cannot bear must flow off. Has awaked Shuang Shuang. She as soon as awakes, immediately summons Gao Li's name.

Gao Li instantly holds the skill her hand, supple voice: "I in here, I continuously all in here."

Shuang Shuang said, "I knew I knew you cannot leave behind me to walk."

Gao Li said, "I... ... I also want you to understand a matter."

Shuang Shuang said, "I have already understood."

On her face suddenly reveals the fresh flower smile, continued, "I knew you must tell me, me are the world most beautiful woman, these people said speech, all therefore spirit I."

Gao Li said, "They simply cannot be the person, said also completely is not the logical expression."

Said Shuang Shuang, "I understand."

She picks up the hand, lightly is caressing Gao Li face. On she face has filled gentle and is take pity on, gently continued, "I also knew you feared I worried, actually I already knew I was any type person, could not use them to tell me."

Gao Li heart suddenly draws tight, reluctantly says with a smile: "But they said the speech, does not have a space is real."

Shuang Shuang supple voice: "You think I really or a child ☆ to produce? You thought my others said the speech is really is the vacation all cannot branch out."

Gao Li only thought own heart in toward sink, nearly sinks to the full bottom.

Shuang Shuang said, "But you also cannot use to fear I sad, cannot use to be sad for me, because before very many years, I already knew I was the young blind person which a clown blames." Her sound is very tranquil, on the face also slightly does not have sadly from the pity look.

She gently then said, said, "Starts, I certainly also very uncomfortable, is very sad, but afterwards I also have taken easy, each people all have own destiny, therefore each person also all should accept he destiny, lives well."

She lightly is caressing Gao Li face, the sound gently ☆ "I although am long compared to others clown, but I certainly do not blame god and man, because I or am very more than person of misfortune, I not only have the benevolent parents, moreover also has you."

Qiu Feng-wu is listening in side, the throat also resembles the eyelash to swallow. He looks Shuang Shuang time, in item no longer has pities color of the sympathetic, instead has filled the admire and the respect. He really could not think such in a delicate abnormal body, unexpectedly can have such a strong great himart.

Gao Li mournful said that, "You since already knew, why doesn't say?"

Shuang Shuang said, "I am anxious for you."

Gao Li said, "For me?"

Shuang Shuang said, "I knew you to me good, I hoped you in my here, can obtain joyfully, but If i said, you could sad be uncomfortable for me." She gently sighed, said, "Can you such to me, how I let you be uncomfortable?"

Gao Li looks at himr, the tear has flowed off. He suddenly discovered between them, he is quite spiritless, compared with a selfish person. He looks after her, protects her, perhaps only is for oneself joyful, in order to must enable oneself to have the opportunity which makes reparations, in order to must cause own mind to be tranquil. He always hoped can in hers smiling face, wash clean in the oneself hand the rank smell of blood. He continuously all is avoiding, evades the others, evades oneself, evades feeling which that kind takes the blame. Only has in her here, he can obtain the moment rest.

Shuang Shuang supple voice: "Therefore I hope you for me sad, because I always not for oneself sad, so long as we in together time very is really joyful, regardless of I am long am any appearance have not related all."

These story-telling scripts this are he say, she instead say. He suddenly detected these years, all are she are looking after him, are protecting him. If does not have her, perhaps he already goes crazy, already collapses.

Continued Shuang Shuang: "Now were you have understood my meaning?" Gao Li says any not again. He has knelt, sincerely has knelt.

Qiu Feng-wu looks at them, the tears could not also have borne flow copiously. He has suddenly also discovered a matter.

Ascends the sky forever is fair. It although for Shuang Shuang not a beautiful body, actually has given her a beautiful heart.

New grave.

In fact, simply does not have the grave. The soil has patted tightly, moreover also moves from the distant place a film length grass, the shop in above. Now who also couldn't see under this land to bury a certain generation of wonderful variant's corpse.

This is Gao Li and Qiu Feng-wu common meaning, they are not willing to have any person to disturb his underground hero's soul again. Also does not have the tombstone, the tombstone in their heart: "He is not the god, is the person."

A great person, a great friend. Perhaps his that body earthshaking Wugong, can dismiss from mind by the person, but hisse matters which does for them, actually certainly can forever keep in their heart. When dusk they also bring the liquor to come to here.

Entire big world liquor.

They are drinking this world liquor in turn, then will be left over, completely sprinkled in this land Gao Li and shoulder to shoulder has knelt Shuang Shuang.

"This is in our celebration drink. I knew you continuously want to drink our celebration drink."

"I certainly can lead her to walk, looks after her well, where regardless of arrives, all certainly no longer leaves she."

"My certain institutional records of a reign she lives center they to know well he certainly hoped they are living well, 任何 any matter has not been able to compare this matter to be able to express them to dead's sincerity and the respect. Then quietly draws back Shuang Shuang one side, lets these two same life and death, altogether the adversity friend mutually road treasure.

The twilight is thicker, turns over to the crow in the wind forest the wail, as if also in sad world leaving.

Qiu Feng-wu looks at Gao Li. Gao Li looks Qiu Feng-wu, in the world also has the mood which what type the expression can narrate leaves?

Also had not known how long, Qiu Feng-wu has finally reluctantly smiled, said, "Do you know that you are a person who is very lucky!"

Gao Li reluctantly has also smiled, said, "I know."

Qiu Feng-wu said, "Now you accompanied you with me."

Gao Li said, "You had to go back?"

Qiu Feng-wu said, "I have complied, I certainly must go back."

Gao Li said, "I understand."

Qiu Feng-wu said, "You?"

Gao Li said, "I also have complied, we certainly can live well."

Qiu Feng-wu said, "Where do you prepare?"

Gao Li said, "The world is such big, we always have the place to be allowed to go."

Qiu Feng-wu slowly nodded, said, "But where regardless of you are at, later certainly will have to go looks for me."

Gao Li said, "Certain."

Qiu Feng-wu said, "Leads her to come together."

Gao Li said, "Certainly."

Qiu Feng-wu suddenly feather out the hand, closely has gripped Gao Li hand, said, "I also want you to comply an my matter."

Gao Li said, "Just say it."

Qiu Feng-wu said, "Later regardless of you had any difficulty, you certainly must go look for me."

The dim light of night has been near. Qiu Feng-wu lonely thin person shade, has vanished in the dim light of night. Gao Li gently supports good Shuang Shuang, only had thought in the heart also was happy, also was grieved.

Shuang Shuang supple voice: "You are a person who is very lucky."

Gao Li nodded.

Shuang Shuang said, "The very few some people can make him such friend."

Under Gao Lifu, lightly kisses her to send the foot, supple voice: "The very few some people can marry such wife as you."

He is indeed very happy. He has a good friend, also has a good wife. Regardless of mentions to any type person, this has been all enough. But did not know for any, in his heart has unexpectedly filled sad and fears, one kind to future sadness and frightened. Because he has not really grasped, is not really can live well.

Gains ground Shuang Shuang, suddenly also said, "You are not afraid?"

Gao Li reluctantly says with a smile: "I am afraid? Primary what?"

Shuang Shuang said, "Feared we do not have the method to live well, feared these people look again, feared we have not made a living the road."

Gao Li was silent. He always understood very much that, the life is the vice-how heavy shoulder pole.

Shuang Shuang said, "Actually you should not be afraid, a person so long as has the determination, always has the method to be able exactly."

Gao Li said, "But... ... "

Has broken his speech Shuang Shuang, said, "I do not fear endure hardship, so long as can with you in the same place, calculate eats a pain, also is joyful."

Gao Li said, "But I must look after you well, I want you to have the life."

Shuang Shuang said, "What type day, could be the good day?"

Gao Li had not replied. He did not know how should reply.

Shuang Shuang said, "Can eat well, puts on well, certainly cannot be the good opening, most importantly, must think in your heart is joyful, so long as can in the heart be joyful, other matter I all do not care about."

On her gentle face, is bringing the courage and the determination which one kind is unable to describe.

Gao Li slowly very got up chest, pulled up her hand. In his heart also has suddenly filled the determination and the courage. He knew in the present world certainly did not have any matter, could make him sadly dread.

Because he no longer is lonely. No longer lonely only had once the genuine lonely person, only then knew this was a kind of how marvelous feeling.

(5)

They certainly not to remote mountain in, also not to side outside. They looked for the peaceful peace village to stay, in the town person good and was simple and honorable. An industrious tenant farmer, with a feeble wife, is cannot cause the others idle talk in here.

Their sunrise does, sunset but rest.

Their days were tranquil and happy. Was only a pity this certainly is not our story conclusion.

Gao Li. Was bringing body soil and wearily comes back. With she delicate gentle hand, has fried the different vegetable Shuang Shuang for him, has warmed up a pot liquor.

In this room each type things she has been all familiar, she has gradually been possible to use her hand to replace the eye. Now she already far compared to before health many. Happy joyful life, regardless of said to any type patient, all without doubt is a good medicine.

Gao Li looks on the table the food and wine, smiles looks like a child ☆ to produce: "Tonight unexpectedly has the liquor."

Sweetly sweetly is smiling Shuang Shuang, said, "These days you too are really tired, I should the manuscript enjoy the manuscript to enjoy you well."

Gao Li sits down, first has drunk the mouth liquor, only then says with a smile: "I only after hoped today hands over has rented, can be left over much several buckets of millets, goes trades an amusing east for you two to come."

Shuang Shuang on the elephant has spoiled the child, sits perishes to his knee, is winking the eye said, "I only want the same thing."

Gao Li said, "What do you want?"

Shuang Shuang said, "You."

She uses her delicate young hand, pinched has assisted his nose. He publicizes the mouth, disguises not to gasp for breath. She eats is smiling, drops down glass of liquors, he takes up the chopsticks, has pinched the block spareribs, must force in her mouth.

Suddenly, his chopsticks have fallen down. His hand already ice-cold. The chopsticks pinch are not the spareribs, is the strip amusement ant. Seven inch long amusement □.

Shuang Shuang said, "What matter?"

Gao Li's complexion also to change, or reluctantly said with a smile: "Any, only in the vegetable has not had the amusement ant, ☆ surely was just falls down from the roof, evidently tonight this sweet and sour spareribs I could not have eaten the mouth."

Silenced Shuang Shuang has been very long, reluctantly has finally also smiled, said, "Luckily in the kitchen also has the egg, we fry the boiled egg."

She as soon as stands up, Gao Liye stands up immediately, said, "I accompany you to go."

Shuang Shuang said, "I go, you sit in here drink."

Gao Li said, "I must accompany you to go, I like looking you fry the egg the appearance."

Says with a smile Shuang Shuang: "What fries the egg the appearance to have is attractive?"

Gao Li says with a smile: "I like looking."

Two people although or in are smiling, but in the heart actually suddenly hoodwinked on a shadow.

In the kitchen is very clean. You absolutely cannot think of likely Shuang Shuang such a woman, also can tidy up such the kitchen cleanly. Loves the strength is really marvelous very, it nearly may do obtains any matter, nearly may create the miracle.

Enters Shuang Shuang, Gao Liye enters, takes the egg Shuang Shuang, Gao Liye with is taking the egg. He with her, has been simply keeping close. Has opened Shuang Shuang 灯, Gao Lishan has incited the fire, takes up the pot to display Shuang Shuang, Gao Li has raised the pot cover.

Suddenly, the pot cover has fallen from his hand. His hand colder, the heart is also colder. The pot certainly is not empty, in the pot has two papers people. Person cuts which with the paper, does not have the head person. Has been rended, on the neck was dyed red by the blood. The furnace fire is very prosperous, the paper person is roasted the heat, suddenly starts to twist distorts, looked like is cannot say surreptitiously fearsome.

Shuang Shuang's complexion is pale, almost fainted, she had as if plants the marvelous sixth sense, may feel Gao Li's fear. She had not fainted, because she knew this time they have certainly had to think the method strongly got up.

Her suddenly supple voice: "Now we were not already may tell the old truth?"

Gao Li nodded, on the face has filled color of the painful. Because he knew they tranquil happy life, has now tied Cambodia! Must acknowledge this matter, too is indeed really painful.

But actually instead very was Shuang Shuang calm, has gotten hold of his hand, said, "Our early knew their sooner or later general meeting looks, is not?"

Gao Li said, "Yes."

Shuang Shuang said, "Therefore you cannot use to worry for me, because I already had the preparation." Her sound is gentler, continued, "I female

finally crossed for two year good day, calculated the present has died, also nothing regretted, moreover, we also not necessarily can die."

Gao Liting gets up the chest, big voice: "You thought I can fear them?"

Shuang Shuang said, "You certainly did not fear that, you are the man which is indomitable spirit, how can fear these stealthy villains."

On her face has sent out the light, originally continuously but is being proud because of her for him. Gao Li suddenly also had the courage. If you also love excellently, you can know this kind of courage comes marvelously.

Shuang Shuang said, "Now you honestly tell me, actually in the pot has what thing?"

Gao Li slow said that, "Only... ... Only is two papers people."

Shuang Shuang said, "Paper person?"

Gao Li sneers said, "They want to frighten us, actually did not know we are forever cannot frighten."

The dead amusement ant and the paper person certainly could not want any person life, regardless of everybody were allowed to be able to see, this only was a kind of threat, was a kind of warning. They obviously certainly do not want him to die too quickly.

Is nipping the lip Shuang Shuang, silenced has been very long, suddenly said, "You wash the pot, I boil the egg for you to eat, boil six, you eat four in a big way, I eat two."

Gao Li said, "You... ... You also can eat up?"

Shuang Shuang said, "Why can't eat up? Could not eat up fears them on the expression, we not only has had to eat, moreover also had to eat."

Gao Lida says with a smile: "Right, I eat four, you eat two."

Also only Lian Kezhu the egg, is safest. Thereupon starts to eat the egg.

Shuang Shuang said, "This egg is really delicious."

Gao Li said, "Stares at, delicious have been more than the spareribs."

Shuang Shuang said, "If they open and aboveboard dare likely a man to enter, I may ask them to eat two eggs."

"Was only a pity they do not dare, that kind of person only dares stealthily to make a shameful matter."

Suddenly, outside the window also some people sneer.

Gao Li suddenly the long body to stand, said, "What person?"

Has not responded, certainly has not responded.

Gao Li wants to pursue, actually slowly sits down, lightly said, "Really is shameful."

Shuang Shuang said, "Did you know what method copes with their this kind of person with to be best?"

Gao Li said, "What method did you say?"

Shuang Shuang said, "Is pays no attention to them."

Gao Lida says with a smile: "Right, is unalarmed by strange sights, it blames from the defeat, this indeed is a good method." He smiles the sound is very loud, but he really is smiling?

Outside window a piece of darkness, limitless darkness. In darkness did not know how many fearful matters is hiding, how many fearful people? In the room actually only has their two people. A small room, the young two people, outside that limitless dark and frightened, has completely surrounded is good they. He really can not fear?

The silver spear took out from the bed. On the spear accumulated the dust, but actually has not rusted. Some matters are never can rust, some recollections is also same. Gao Li has remembered Qiu Feng-wu. How ☆ didn't know him now? Did not know they were not also are looking for him?" He hoped does not have.

This matter, he hoped finished in here, ties Cambodia on his body. He cannot only lay down, only is Shuang Shuang. If he in, how Shuang Shuang hasn't been able? He wants all not to think. Resembles Shuang Shuang had not thought that, resembles has been resting. She really imagines any person all is much stronger than, is much braver, but is resting time, she looks like or a child. How can he be cruel enough to drops out her? How can he die?

Outside the window the wind is howling, the night is darker. He closely is grasping his spear, he exhausts all strengths, does not let the tear flow off. But his tear has flowed off.

Turned a body Shuang Shuang, suddenly asks: "Why don't you rest?" Originally she has not been resting.

Gao Li said, "I... ... I do not feel sleepy."

Shuang Shuang said, "Not will forget you also to have to get up early tomorrow down the field goes."

Gao Li has reluctantly smiled, said, "Will I be allowed to steal a time of laziness tomorrow?"

Shuang Shuang said, "Certainly will be allowed, but, day after tomorrow? .... Four days from now?" She sighed, continued, "If they do not appear, you continuously are accompanying me in here? .... Can you accompany me in this hut for a lifetime?"

Gao Li said, "Why can't?"

Shuang Shuang said, "Calculated you can, when this appearance I be assorted I can continue?"

Gao Li said, "Maintains they appears, waits for them to look for me, always asks them me to be better than."

Shuang Shuang said, "When but do they only then look for you?"

Gao Li's affirmation said, "They have already come, cannot wait too for a long time?"

Shuang Shuang said, "They do this, perhaps is must surround you in this room, must wait for you to be exhausted only then appears."

Gao Liku says with a smile: "But they do not need to wait, they simply do not have this kind of necessity."

Shuang Shuang said, "Why?"

Gao Lizhui however said, "Now was arrived should tell the old truth time?"

Shuang Shuang said, "Yes."

Gao Lijie said, "Then I only hoped you can make a matter for me."

Shuang Shuang said, "What matter?"

Gao Liqing is caressing her face, supple voice: "I want you to comply, regardless of I left any matter \* you all to want the good oneself neodymium chlorine 𠀀\* "

Shuang Shuang not to say: "You.... You.... What do you mean?"

Gao Li mournful said that, "My meaning you should understand."

Shuang Shuang said, "You fear them?"

Gao Li said, "I have no alternative but to fear."

Shuang Shuang said, "Why?"

Gao Li face twisted because of the pain, said, "Your forever fearful, this they since looked, certainly already had the extremely assurance."

Is silencing Shuang Shuang. She as if suddenly changes very much calmly, After a very long time, only then slowly said, "Their if really already had the extremely assurance, why starts not immediately?"

Gao Li said, "Because they intentionally must let my pain."

Shuang Shuang said, "After but they start seizes assists you, how could it not be or equally may make your pain?"

Gao Li is stunned. Then his eye gradually shines, suddenly jumps, said, "I have thought through."

Shuang Shuang said, "What have you thought through?"

Gao Li said, "The Green Dragon Clan person has not certainly come."

Shuang Shuang said, "What person comes is?"

Gao Li said, "Comes only to have a person, therefore he only then wants such to do, must compel me exhaustedly, compels me to go crazy, then he only then is good slowly tidies up me."

Shuang Shuang said, "You knew who this person is?"

Gao Li said, "Ma Feng! Certainly is Ma Feng."

Ma Feng very little kills people. But if he kills people, ever does not let slip. He kills people very slowly, is much slower. "If you kill a person, after must want he changes makes trouble, all does not dare to ask you to retaliate."

Gao Li face because of excited has blushed, said, "I knew he sooner or later certainly can come, I know."

Shuang Shuang said, "Why?"

Gao Li said, "He wants to retaliate."

Shuang Shuang said, "Retaliation?"

Gao Li said, "Some people may own make 10,000 does a disservice to the others matter, but the others actually cannot make sorry his matter, otherwise he certainly wants personally to retaliate." He clenches teeth, a

space space said, "He has actually forgotten, I also am looking for him!" Who couldn't he certainly forever forget to kill Jin Kai-jia.

Shuang Shuang said, "How did you know he has not brought the Green Dragon Clan the person comes?"

Gao Li said, "He cannot."

Shuang Shuang said, "Why?"

Gao Li said, "Because the retaliation is the kind enjoys, the murder also is, his institutional records of a reign others do not share."

Tightly grips his hand Shuang Shuang, said, "He... ... He certainly is a very fearful person."

Gao Li sneers was saying that, "He indeed is, but I certainly do not fear him."

His sound suddenly stops, outside unexpectedly some people are knocking on a door. Knocks on a door the sound very light, is very slow. Each knocks as if on their heart. Gao Li nearly the company to breathe all stopped. He suddenly discovered oneself and was inferior to he imagine that has the assurance. These for two years, he takes is the hoe, is not the spear. The knocking on the door also is continuing, gently, slowly... ...

Shuang Shuang hand good is cold. He suddenly discovered she also and was inferior to he imagine the courage to be that big.

Finally cannot bear Shuang Shuang said that, "Outside resembles some people to knock on a door."

Gao Li said, "I have heard."

Shuang Shuang said, "You do not go to the door?"

Gao Li sneers said, "If he comes in, goes to the door with me, he also equally can come in."

Actually he also knew this only is a kind of pretext. He indeed is dreading. Because he cannot die, therefore he fears death. Fears death certainly is not an ignominious matter, is not! If you a genuine man, has such to like you the woman needing you Shuang Shuang to look after, you also can fear death. Shuang Shuang heart as if by acupuncture. She certainly understands him, nobody compares her to understand him. In she empty gloomy eye, suddenly the water seepage gushed out continually center crystal clear teardrops.

Gao Li said, "You... ... You are crying?"

Nodded Shuang Shuang, said, "You know me proudly continuously for you but."

Gao Li said, "I knew that, "

Shuang Shuang said, "But the present □□now I actually did not have this kind to feel."

Under Gao Lichui. He certainly also understands Shuang Shuang mood. A woman has not wanted own man is a coward, does not have the woman to want own man to face the difficulty and dangerous time dreads evades.

Mournful Shuang Shuang said, "I knew you are only then do this for me, but I actually do not hope you in order to I such do, because I knew you now certainly very are painful, because you originally are not the coward."

Gao Li said, "But you... ... "

Shuang Shuang said, "You cannot use to worry for me, regardless of I how, so long as is the matter which you should go does, you or certainly must go do, perhaps otherwise I can compare you to be more painful."

Gao Li looks at himr, only has the genuine woman, only then can say such speech. He suddenly discovers oneself but is being proud for her. He bends down the lower part of the body, lightly kisses on her cheek the teardrops, then turns around Ding to exit. She bends down on the pillow, several his sounds of footsteps.

Every day the early morning, she all in counts his sound of footsteps, from bed so long as walks 13 steps, may walk to the outside door. Step, two steps... ... Four step, five steps.... .... This goes to him is not also can come back? She did not know, also does not dare to think. Calculated she knew perfectly well his this dehydration does not return, also similarly cannot detain him, because this matter is his non- solution may not. He has not been able to evade.

□□□

#### **Chapter 4: Old man's heavy sentiment**

(1)

The dim light of night chillily spread out. Leng Wu did not know is when in raises, a person calmly stands in the fog.

A cloudy person, a cloudy face, the eye is actually sharp several hawks which resembles specially eats the corpse. Gao Li as soon as opens the door, saw him. He nearly and two years ago has not completely changed.

Gao Li never thought he unexpectedly can really stand outside the door is waiting, resembles the friend which 门 visits, waits for the master to come the door to be same. But his eye looks high immediately, actually likely is several hawks is looking at a corpse.

Gao Li said, "You have come."

Ma Feng said, "Is good, I have come, I sooner or later must come, regardless of who punctured a sword after my belly, all gave up any idea of also can peaceful live."

Gao Li coldly said, "You also can present, finally not be exactly easy."

Ma Feng said, "Is not indeed easy, you forever could not think my this life was spend how many prices only then to receive in exchange, therefore we now cannot die, also could not die."

His pupil is contracting, the eye has filled the hatred, suddenly also asks: "Little Wu?"

Gao Li said, "You want to look for him?"

Ma Feng said, "Thinks very much."

Gao Li's corners of the mouth to resemble also reveals an unusual happy expression, lightly said, "Was only a pity you could not forever have found him."

Ma Feng said, "Why?"

Gao Li said, "Can't you find out are for what?"

Ma Feng changes countenance said, "Has he died?"

Gao Li sneers said, "If he does not die, now how also can let off you."

Ma Feng face suddenly twists, resembled was punctured by the person on the belly a sword.

Gao Li said, "He although has died, but I have not actually died."

Ma Feng long puts out the tone, said, "Is good, you have not died, luckily you have not died, these for two years, I day and night all in asked the God to bless you to live in long center his each space all to fill the virulent hate, made one be afraid.

Gao Li detected own palm are perspiring, therefore immediately big voice: "You originally should ask me quickly to die, because If i do not die, you must die, now you must have refused stubbornly to be possible."

Ma Feng sneers.

Gao Liye is sneering said, "Does our this line, makes mistake, must has refused stubbornly to be possible, you have actually made three mistakes."

Ma Feng lightly said that, "I am listening."

Gao Li said, "First, you should not a person come, second, you originally should with coerce me Shuang Shuang, now actually has missed an opportunity; Third, you should not this appearance knock my door."

Ma Feng nodded, said, "Makes sense."

Gao Li said, "You originally perhaps have the opportunity to plot against me... ..."

Ma Feng has suddenly broken his speech, coldly said, "I do not need to plot against you, also does not need to use your treasured wife to coerce you, because I all could kill you as necessary."

Gao Li laughs.

Ma Feng said, "These for two years, I train hard six time every day, you?"

Gao Li smiles suddenly stops.

Ma Feng coldly coldly looks at him, ☆ "you now also are living, because I now do not only want to teach you to die."

Gao Li has not spoken, also has not moved. He suddenly thought is very uncomfortable, Ma Feng condition goes past calmly, he jumps over not comfortably.

Ma Feng threatening vision leaves the factory he. Is looking up chillily is confusing the dark nighttime sky, After a very long time, only then slowly was meeting said, "You also have seven days to be possible to live." In his sound is bringing strange and the fearful self-confidence, likely is judge in decides to the criminal under.

Gao Li has smiled, took the very big effort only then to cause oneself to smile makes noise.

Ma Feng Lian Kan all had not actually looked, easily said, "Again crosses seven days, was the month circle, I killed people usually all like waiting till month round time."

Gao Li sneers said, "Perhaps you could not wait that the long time."

Ma Feng lightly said that, "Perhaps, but I thought you also do not need to be anxious must die, you certainly also have very many things to do behind to have to attend to, your wife also certainly does not want you now to die."

Finally this speech likely is a needle, pricks in all of a sudden Gao Liwei. He sense own stomach will be only contracting, resembles has vomitted.

Ma Feng said, "I may keep here waited seven days, this place also very is at least clean."

Gao Li said, "What did you say?"

Ma Feng said, "I said am in any event, can again live seven days always well."

Gao Li looks at him. Actually he simply has not smiled, but on the face actually always brings the kind sinisterly, to be virulent, actually fills the self-confident happy expression. Also is precisely this kind of strange self-confidence, causes his entire person to change dangerously is fearful.

Ma Feng slowly said that, "Seven days, entire ' seven days seven nights, already was allowed to make very many matters, if you arranged very much well, then calculated you have died, your wife or was allowed exactly."

Under Gao Lichui, looks at own spear. On the spear dust arrived only, but actually links the ray which that flashes to look like all is weak. He gains ground, the cold sweat flows off immediately along cheek. His sound 嗡 and hoarse, finally cannot bear said, "You can wait seven days, why can't I?"

Ma Feng smiled. This he really has smiled, is smiling said, "Is very good, I early morning again will come tomorrow, early morning I will like eating the face." He does not let Gao Li speak again, suddenly turns around, when a wife vanishes in Leng Wuli.

Gao Liye looks at him not again, just has turned around, could not have borne the curved under waist to vomit. He does not stop vomits, all resembles including the bile has put out. Then he felt has a pair icy coldly but actually the gentle small hand, held has assisted his face. The wrist young tiger brain, actually did not know is the tear, or cold sweat?

Also after a very long time, only then softened the voice Shuang Shuang: "You are not thought this matter did mistakenly."

Gao Li shakes the head. He does not have wrong, seven days have indeed not calculated short, have been long enough have very many matters. He must endure patiently. He this has very many superior conditions to be allowed to defeat the others, but the present only has actually been left over endures patiently.

Also does not have to ask again Shuang Shuang. So long as he thought is right, she may accept. She gently said that, "Now you certainly had to go have rested, early morning we will eat the face tomorrow."

Big 哥. The face has been cool.

Gao Li stares at on the table face, on the face continually a little piece expression all is not having. Then he saw Ma Feng leisurely however enters.

Shuang Shuang said, "Is Mr. Ma?"

Ma Feng said, "It's me."

Shuang Shuang said, "The face has been cool, must go to the hot heat?"

Ma Feng said, "Does not need."

Shuang Shuang said, "Face if insufficiently is salty, here also has the spice." Her sound of talking gentle and is kind, likely is an attentive wife, is entertaining her husband's friend.

Ma Feng looks at him, looked has been very long, suddenly sighed, said, "Luckily I must kill am not you, you really must be much calmer than your husband."

Has smiled Shuang Shuang, lightly said, "You looked I such woman, can intoxicate in the face?"

Ma Feng just took up the chopsticks, laid down. His several hawks' eyes 一 she very has also been long, only then sinks the voice: "You cannot."

Nodded Shuang Shuang, said, "I certainly cannot."

Ma Feng any speech all no longer said that, suddenly has stood, walks into the kitchen.

Smiles Shuang Shuang said, "What do do you to the kitchen?"

The hemp cutting edge does not return, coldly said, "I kill people like oneself killing, eat the face also to like oneself boiling." In the guest room spreads one intermittently grinds the sound, Ma Feng unexpectedly resembles has been resting.

Gao Lishui.

On his face has filled color of the painful, because in his heart is very contradictory, wants to go makes a matter, also did not know is not should go does. He suddenly discovered oneself competes to oneself has not all had the confidence. Now at last is true fearful.

Ma Feng such does, perhaps for must thoroughly destroy his confidence.

Shuang Shuang supple voice: "What are you thinking?"

Gao Li said, "Not any."

Shuang Shuang said, "I suddenly have actually thought of a matter."

Gao Li said, "Oh?"

Shuang Shuang said, "He wants to wait seven days, perhaps only is because he compares you not to grasp."

Gao Li said, "Perhaps." He acknowledges because him not to only be willing to dispute.

Now Ma Feng certainly compared to him strong, only some he knew, in his heart burden is heavy. That which the master contends with, which dies that person usually always does not want to die.

Shuang Shuang said, "I knew he lives to here comes, for only is wants to suffer you, but I cannot let him have the day."

Gao Li has reluctantly smiled, said, "You indeed left a tone a moment ago for me."

Shuang Shuang said, "How now regardless of I to him, he all can't retaliate, because her sound resembled somewhat has also changed, has breathed heavily atmosphere, only then was meeting said, "Because if you do not have me, simply cannot fear him, is not?"

Gao Li is staring at himr, suddenly as soon as grasps her shoulder, trembles the voice: "You... ... What are you thinking?" He asks this speech, only because he suddenly think of a very fearful matter.

Has smiled Shuang Shuang, smiles Ȑ the child to stare at coolly, dangles the reason: "My anything has not thought."

Gao Li said, "I knew in your heart is thinking any." His sound is gradually rapid, continued, "If you after thought you have died, I may let loose the hand to cope with him, could kill him, you completely mistakenly, moreover was much more wrong."

Shuang Shuang said, "I... ... "

Gao Li has broken her speech, said, "If you have died, I certainly do not want again to live. I pledged, so long as you as soon as die, I accompany you to die immediately."

Is nipping the lip Shuang Shuang, suddenly throws oneself to his bosom, again also could not bear Ȑ. She is individual after all, is a woman. Her face looked like although strong, but she actually knew in oneself heart how sad, fears. She this had planned dies for him. She hoped he can do the grief and indignation the strength. She does not have to the present such to do, only because she really too loves him, really does not endure to leave he. Nobody can understand their sentiment is how deep.

Gao Liqing caresses her supply to send, nurses said, "For me, you certainly must exactly, for you, I certainly have exactly... ... My line of J certainly has the method to live." His sound said very much lightly, because these speeches he originally is said listens for oneself.

Shuang Shuang's weeping sound suddenly stops, she has guessed correctly him to think is any. Then she gains ground, is attached to nearby his ear, gently said three spaces: "You go."

Gao Li has gotten hold of her hand, a space had not all said. Now regardless of the how fearful pain and suffers, they have all been possible to endure, endures together. Because in their heart had the hope.

A beautiful hope.

(2)

Peacock feather.

In the world certainly does not have any kind darkly to be able to stretch compared to the peacock fearfully, also certainly does not have any ' the kind hidden weapon to be able to be more beautiful than the peacock steel. Nobody can describe its beauty, also nobody can avoid it, resists it.

On Jin Kai-jia all cannot. He until death also cannot forget this launched hidden weapon that flash, that kind mystical magnificently imprisons with US. In that flash, he unexpectedly resembles has been completely dizzy. Then he but actually.

The peacock village also is beautiful, is beautiful likely is in the myth 𠮶 the castle is same. Under the blue green tile, is positive in the fall flashes the weak green jade light, the white stone long step was passing through from the gold tall wall between, the entire castle likely is completely uses the jewelry gold to build.

In under the garden prunus pseudocerasus peach tree, some several peacocks if are auspicious, in the basin is floating the mandarin duck. The flower is red, is white purple, continues these seven colors the numerous homeland, embellishes a more beautiful like dreamland. Several put on the colored clothing to hang sends the young girl, very quiet has trod the soft lawn, vanishes in the flower from in. The distant place chrysanthemum spendthrift opens, human's delicate fragrance.

In pavilion did not know is who is playing the flute, only has this melodious whistle sound, has cut down four static topics. The front door also is starting, cannot see the defense door Ding. On Gao Liben that front Baiyu long step, then he also but actually. In the stove burns the fragrance, the fragrance is being simple and elegant.

Outside the window the twilight has been very deep. Gao Lizhang enlarges ones vision, the vision in front of a trough English daisy moves from the table, sees a person to smile to him. A nearly completely strange person.

Resembles is young people, but on the lip actually remains is decorating very much neatly, the very luminous small beard, similarly luminous is also neat with the beard, sends on the long neck hair to decorate a grain of thumb big pearl. His upper and lower garments very casual, the material very is actually noble, on the purple satin light gown, is the root white jade belt. Regardless of everybody can see him certainly is has the status very much, has the authority very much the person.

This kind of person and Gao Liben is lives in two worlds, only has his pair of sharp eye D to look "one" Gao Li has suddenly remembered this pair of eye, he nearly cannot bear wants to call immediately.

Qiu Feng-wu.

He really cannot front believe this style enormous maturity gentleman, was the former days once has risked one's life with him 𠀤 the youth. But he actually has no alternative but to believe. Because the person has passed through, made an effort to grip his hand, in the bright eye resembles had hot tears filling the eyes.

Gao Li long puts out the tone, said, "It's you, I finally found you."

Qiu Feng-wu hand grasps tightly, said, "You have finally come, finally had not forgotten in me."

Gao Li is struggling, wants to sit.

Qiu Feng-wu has actually taken over his shoulder, said, "You have not been sick, but you too are tired, or lies down good."

Gao Li indeed is too tired.

These two days come, he nearly does not have the moment to stop. He must have in front of the month circle hurries back.

Saw outside the window the weather, he wants to jump, loses the voice: "How long have I rested?"

Qiu Feng-wu said, "Soon, now just crossed becomes time."

He looks in Gao Lie the cold sweat, unable to restrain to wrinkle has knit the brows, said, "You resemble have the urgent matter?"

Gao Li gets hold of the double fist, 𠀤 however said, "I originally do not want to come, but my 𠀤 I 𠀤"

Qiu Feng-wu said, "You ought to remember I have said, regardless of you had any difficulty, all certainly must first look for me."

Gao Li slowly nodded, the tears could not nearly have borne must flow copiously. A person when is critical knew oneself also has to be allowed the adversity altogether friend, in that kind of feeling world certainly does not have any matter to be able to replace.

Qiu Feng-wu is staring at him, a word space said, "Was not they had found you?"

Gao Li you nodded.

Qiu Feng-wu face resembles has been suddenly stiff, the slow several steps.

Gao Li finally to sit slowly, said, "Comes only to have a person."

Qiu Feng-wu said, "Who?"

Gao Li said, "Ma Feng."

Qiu Feng-wu breathe sigh of relief, said, "You have killed him?"

Under Gao Lichui, said, "These for two years, I take am the hoe, I had gradually thought does farm work to be much more joyful than the murder."

Qiu Feng-wu said, "Therefore you have not been willing to kill people?"

Gao Liku says with a smile: "Is dies, my uncle my marksmanship also has only died."

Qiu Feng-wu said, "You only feared oneself already was not his match?"

Gao Li said, "I have not indeed grasped."

Qiu Feng-wu said, "Therefore he also is living."

Gao Li said, "Also is living."

Qiu Feng-wu said, "Now his person?"

Gao Li said, "In my family."

Qiu Feng-wu was stunned, he really did not understand, crosses has been very long, only then could not bear asks: "Shuang Shuang?"

Gao Li said, "Also in."

Qiu Feng-wu face discoloration has changed, said, "You Shuang Shuang will keep there, an own person come?"

On Gao Lilian reveals color of the painful, said, "Because he could not think I can do this, therefore I can."

Qiu Feng-wu long sighed, said, "I also cannot think."

Gao Li said, "So long as I can in front of the month circle hurries back, is Shuang Shuang cannot have the danger."

Qiu Feng-wu said, "Why?"

Gao Li said, "Because we agree are fight evening of in the month circle."

Qiu Feng-wu is pondering, also crosses J to be very long, suddenly has smiled, said, "I have understood."

Gao Li said, "What has understood?"

Qiu Feng-wu said, "He is a person goes?"

Gao Li said, "Yes."

Qiu Feng-wu said, "He has not killed your assurance, therefore intentionally multi-waited several days, because he saw you not to grasp, he wants to suffer you as far as possible in these days, causes your entire person to collapse."

Gao Liku says with a smile: "Perhaps he only wants me slowly to die, he kills people always does not like too quickly."

Qiu Feng-wu looks at him, suddenly discovered this person has changed, changes very much many. He originally is in the organization a most callous strongest person, now unexpectedly resembles from has not been completely old. This is not because he has moved the true feelings? Does this line of people, originally cannot get excited, a more callous person, lives long. Because the emotion originally can be weak.

Gao Li suddenly also said that, "But he or miscalculates after all a matter."

Qiu Feng-wu said, "Oh."

Gao Li said, "He thought Little Wu has died, he could not think I also have a friend."

Has done this line of people, originally should not have the friend, cannot have the friend, also cannot have the friend.

Qiu Feng-wu pondered has been very long, only then slowly said, "You also made a mistake."

Gao Li said, "Oh? ... ... "

Qiu Feng-wu said, "You should not remain Shuang Shuang there, you originally should call to look for me Shuang Shuang."

Gao Li said, "Because has Shuang Shuang, therefore I only then have the scruples, how does he dare to Shuang Shuang how?"

Qiu Feng-wu said, "Perhaps he does not dare, but he actually may use to coerce you Shuang Shuang."

Gao Li said, "He before has had the opportunity, but actually certainly not does this."

Qiu Feng-wu said, "This perhaps because at that time he has not only seen you to Shuang Shuang sentiment." He stares once more Gao Li, a space space said, "I ask you, you go back, if he sword on Shuang Shuang neck, wants to use an Shuang Shuang life, trades your life, how do you manage?"

Gao Li suddenly the whole body ice-cold.

Qiu Feng-wu said, "You calculated after knew perfectly well you have died, also exactly is Shuang Shuang inadequate, he knew you surely do not endure to look dies Shuang Shuang in front of you, is not?"

Gao Li said, has poured on the bed, cold sweat like rain. He suddenly detects these two years Qiu Feng-wu not only maturely experienced, considered is also thorougher, faintly had a generation of sovereign bearing and the impressive and dignified manner. But he also changed callous without doubt. He obtained arrives, how could it not be also was precisely Gao Li has lost? But in them, actually is who is happier? Happy and is unfortunate, originally is not absolute. If you want to obtain some in this aspect, must in on the other hand give up some, the life originally does not need too earnest.

Thinks of here, Gao Li suddenly said, "If i do not let him have the opportunity sword on Shuang Shuang neck?"

Qiu Feng-wu has smiled, is smiling said, "This speech only then gradually some likely is speech ."

Gao Li said which you said, "I knew you now already are the peacock village master."

Qiu Feng-wu said, "My father already 𠂇." "

Gao Li said, "Therefore I ask a your matter."

Qiu Feng-wu said, "You said."

Gao Li said, "You may refuse me, I not to blame you."

Qiu Feng-wu in is listening, on the face expression suddenly changes strangely, as if has guessed correctly Gao Liyao is any.

Gao Li said, "I must borrow you the peacock feather."

Qiu Feng-wu speaks not again, had not all said including a word, only looks at own hand.

Gao Liye opens the mouth not again, also is looking at Qiu Feng-wu hand. This both hands also decorate very much cleanly, maintains very much well. This both hands no longer were former days that double moisten the full dirt and the dish rank hand. This person? Or was not former days that may give the friend the life the person "outside the window the dim light of night gradually to be thick.

Qiu Feng-wu calmly sits in darkness, has not all moved including the fingertip. Gao Liye could not see on his face the expression.

The wind has blown, in the courtyard sometimes fell sound. The fall has gradually been deep. The slanting month has hung the treetop.

Qiu Feng-wu or has not spoken, has not moved. Gao Li also no longer said any, slowly sits, had found under the bed shoe. Qiu Feng-wu has not gained ground. Gao Li puts on the shoes, slowly passes through from his body, quietly has opened the door.

Outside door night of cool like water. His heart is very cold, but his certainly not strange Qiu Feng-wu. He knew oneself indeed requests too many. He has not turned head looks at Qiu Feng-wu, because he is not willing to let Qiu Feng-wu think uncomfortably. He quietly goes out, walks the courtyard, picks up a piece of fallen leaf, looks, also gently lays down.

Then he felt has hand-held assisted his shoulder to. Strong and stable hand. A friend's hand.

He has gripped this hand, returned loses saw Qiu Feng-wu, in his eye suddenly there seems to was the tears had to flow copiously. He requests truly too to be many. But to a sincerity friend, regardless of any type request, all cannot calculate too much.

(3)

Did not say does not have the sound.

All sounds have been all isolated outside three foot thick wall. They in such mileage, nearly did not walk nearly half time.

Gao Liyi did not remember how many curved once via, on how many stone steps, had passed how many iron doors? He thought oneself resembled suddenly walks into in an ancient times king's mausoleum, gloomy, moist, was mystical. A final leafed door huger, unexpectedly is three foot thick copper plate makes, heavy exceed is extremely heavy.

In the door has 13 locks. Qiu Feng-wu patted clapped, not to be able to see the person not to say that, suddenly appeared 12 individual. Mostly is the old person, had to send all already from, youngest also had about 50. Each person's manner very is all serious, footsteps all very 咚咚.

Regardless of who is all worthy of looking at, in this 12 people certainly does not have a person is not the master. Each people all took out a handle key from the body, opened has locked together. The key is with the shackle is on the body.

A final handle key on Qiu Feng-wu body. Gao Li looks he has operated last the lock, again turns head, that 12 individual have suddenly vanished.

Aren't they certainly the person, but is especially from underground comes out guards this to endure the place the spirit ghost? The door opened.

Qiu Feng-wu does not know in any place gently as soon as dials, this heavy exceed extremely heavy iron door slid start on the miracle. A gloomy chill in the air, caresses the face. Inside the door was between the spacious stone building, on the wall has been covered with the moss, was burning six large oil lamps lit day and night before Buddha status.

The light also is gloomy, just like jack-o'-lantern. On stone building all around weapon, has all kinds of strange 咚咚 pointed weapons, some Lian Gao Li all never have seen. Qiu Feng-wu shoved open a megalith, between the cliff has been unexpectedly also hiding the hard cabinet. The peacock wing thinks on in this hard cabinet.

Until by now, Gao Licai truly understood oneself requests the thing was how precious. Is to the best friend, he requested actually to resemble already is too many.

Qiu Feng-wu has turned on the hard cabinet, slowly took out a glittering cylinder. Cylinder semblance very smooth, looked like very is even ordinary, only is the pure gold casting. A more mystical matter, the semblance looked like is often ordinarier, also because of this, therefore it can maintain mystically.

Qiu Feng-wu is holding with two hands front, delivers Gao Li. On his face expression also changes very much seriously, is serious nearly approached sorrowfully. Gao Li looks at him, looks in his hand the peacock feather, in the heart suddenly also has plants the very extremely painful feeling. Besides they, nobody can understand how this kind of feeling is comes.

After a very long time, Gao Licai long sighed, said, "You do not need to give me."

Qiu Feng-wu said, "I have lent you."

Gao Li said, "I.... I certainly can very quickly return to."

Qiu Feng-wu said, "I believe you."

Gao Li finally slowly feather out the hand. His fingertip finally touched this mystically to be dark. In this flash, in his heart suddenly also gushes out an indescribable mystical feeling. That looks like a mortal suddenly to touch some kind of Devil incantation, his itself also suddenly had a kind of mystical charm.

Qiu Feng-wu said, "Above this has two key positions."

Gao Li said, "I saw."

Qiu Feng-wu continued, "Presses down together Niu, machine the reed has started, to press down second Niu, nobody in the world can rescue Ma Feng."

Gao Li long puts out the tone, has been able to see the appearance as if which Ma Feng drops down.

Qiu Feng-wu silenced has been very long, also slowly said, "I originally should accompany you to go together, If i have gone, perhaps cannot use this peacock feather."

Gao Li said, "I... ... I... ... "

Qiu Feng-wu said, "I understood your meaning, you are not willing in my hand to moisten the rank smell of blood again, also is not willing me to make the trouble again."

Gao Li sighed, said, "This because you now the status has been only different."

Qiu Feng-wu slowly nodded, suddenly says with a smile: "Had a matter I to forget to tell you, me had a son."

Gao Li has shaken his hand with the hand, said, "Next time will come, I certainly must have a look him."

Qiu Feng-wu said, "You certainly must have a look him."

Gao Li said, "I complied."

Qiu Feng-wu said, "I also want you to comply an my matter."

Gao Li said, "You said."

Qiu Feng-wu manner changes very much seriously, slowly said that, "The peacock feather certainly is not a murder is hidden weapon."

Gao Li in consternation, said, "It is not?"

Qiu Feng-wu said, "It's not! Hidden weapon is also a kind of weapon, the weapon's true significance certainly is not to kill, but to prevent being killed!"

Gao Li nodded. Actually he certainly cannot truly understand Qiu Feng-wu meaning, he suddenly discovered own thought and Qiu Feng-wu had the distance. But he is not willing to acknowledge.

Qiu Feng-wu said, "Trades the sentence simple speech to say, the use peacock feather the true goal, certainly is not the murder, but is saves a life, therefore... ... " He grips tightly Gao Li's hand, slowly continued, "Therefore I want you to promise me, to ten thousand does not have 𠙴, not to have to use it."

Gao Li long puts out the tone, now he finally completely has understood Qiu Feng-wu meaning. At least he thought already completely understood. He gets hold of Qiu Feng-wu hand, a space space said, "I promise you, to ten thousand does not have 𠙴, I not to use it!"

Gao Liting gets up the chest, walked. His footsteps already far recently when lively very many, because in his heart no longer has anxious and fears. Now the peacock feather already in his hand. Now Ma Feng life also does not have the dissident to pinch by him in the hand. His any has not been possible to worry, should worry the person is Ma Feng.

(4)

In each room usually all has open the most comfortable chair, this chair usually belongs to the male master. This room male master is Gao Li.

This moment sits on the most comfortable chair the person, actually is Ma Feng. He uses the most comfortable posture to sit, looks stands oppositely in him Shuang Shuang. coldly said, "Five days, your husband walked five days."

Shuang Shuang nodded.

She stands the posture is certainly uncomfortable. Regardless of is standing with any posture, all cannot have sits comfortably.

Ma Feng is staring at her, also asks: "You did not know has gone he to where?"

Shuang Shuang said, "Does not know."

Ma Feng said, "Can he come back?"

Shuang Shuang said, "Does not know."

Ma Feng severe voice: "Your what all doesn't know?"

Shuang Shuang said, "My anything does not know."

Ma Feng said, "You have not asked him?"

Shuang Shuang said, "Does not have."

Ma Feng said, "But you are his wife."

Shuang Shuang observes how things look "on because of me or his wife, therefore only then has not asked him."

Ma Feng said, "Why?"

Shuang Shuang said, "Man most repugnant, is the woman which talks too much, If i asked too many, perhaps he already does not want me."

Ma Feng gets hold of the fist, in item appeared gets angry Italy. The similar speech, he did not know already has asked how many. He is waiting for this woman to be weary, the collapse, waits for her to tell the truth. He does not have the useful violence, only because his for fear that this woman cannotted bear □□him certainly also to understand this woman if to die, only had hundred evils to him, but certainly did not have an advantage.

Now he suddenly detected that, felt weary certainly is not this woman, but is he. He cannot find out is any strength causes this abnormal disabled woman, supports the present.

Suddenly asks in reply Shuang Shuang: "What are you worrying? Worried he looks for the helper?"

Ma Feng sneers, said, "He cannot find the helper, he also looks like me to be same, our this kind of person, cannot have the friend."

Lightly Shuang Shuang said, "What then also has well to worry?"

Ma Feng had not replied.

This story-telling script is he wants to ask own. Gao Lijiu likely is the strip already by the threatening dead end wild animal, only has waits for the others to butcher. He did not know why oneself has to worry.

After a very long time, his only then coldly said, "Regardless of does any, must come back in any case."

Shuang Shuang said, "You are comforting yourself?"

Ma Feng said, "Oh." Ma Feng also said that, "If he does not come back, you must refuse stubbornly to be possible."

Sighed Shuang Shuang, said, "I know."

Ma Feng said, "He certainly cannot drop out you."

Shuang Shuang said, "That is but actually uncertain."

Ma Feng said, "Is uncertain?"

Sighed Shuang Shuang, painstakingly says with a smile: "You also should be able to see, I certainly am not a woman who attracts men."

Ma Feng face discoloration has changed said, "But he is always good to you."

Shuang Shuang said, "He is indeed good to me, therefore he now calculated drops out me, I cannot blame him." On her face expression as if very miserable, is very sorrowful. Slowly continued, "He calculates, also certainly is not for me, but is for you."

Ma Feng said, "For me?"

Shuang Shuang ☆ space space said, "In order to must kill you!"

Ma Feng hand suddenly stiff, also. After a very long time, only then was sneering said, "You are female ☆ are feared I use you to coerce him, therefore only then intentionally such said."

Shuang Shuang said, "You must use me to coerce him?" She has suddenly smiled, smiles very much miserably, continued, "How person is he, you should be clearer than me, you originally are the same person, can you be look like I such woman self-devotion?"

Ma Feng complexion has changed, coldly coldly says with a smile: "He cannot be I."

Shuang Shuang said, "You thought he very is really good to me?"

Ma Feng said, "I can see."

Sighs Shuang Shuang: "Perhaps that only is he intentionally makes wants you to look."

Ma Feng said, "Why?"

Shuang Shuang said, "He intentionally wants you to think he is good to me, intentionally wants you to think he cannot drop out me, for on wants you to defend the negligence to him, he only then good seizes the opportunity to sneak off." On her face reveals color of the one kind of hate, clenches teeth said, "If he is really good to me, could not feel relieved."

Ma Feng was stunned, only thought own heart in slowly toward sink.

Suddenly also Shuang Shuang said, "But he or can come back, because you calculated does not kill him, he also must kill you."

Ma Feng hand suddenly grips his sword.

By now because he also heard a person's sound of footsteps. The sound of footsteps light ' Shaanxi but is steady. Regardless of everybody may be able to hear, walks this person mood and the spirit certainly very are all good.

Calculated cannot listen also to be able to see. Because Gao Liyi the stride walked, in the eye is sending the light, appears full of energy which cannot say. His spirit is indeed good.

These two days come, he continuously rests in the very much good compartment to be very comfortable, in his heart also did not have the fear.

Ma Feng suddenly thought this chair is very uncomfortable, the posture which sits is also very uncomfortable. Gao Lique the root company looked all had not looked his, resembles in this room simply not to have a his such person to exist.

Whose sound of footsteps Shuang Shuang narrates certainly can hear this is, on the face reveals the smile immediately, supple voice: "You came back?"

Gao Li said, "I came back."

Shuang Shuang said, "What the dinner do you want to eat?"

Gao Li said, "Anything is good, I am starving."

Has smiled Shuang Shuang, said, "We resemble also a little 炒, am I recook fry good?"

Gao Li said, "Was good extremely, the dot garlic fried well."

Looked his appearance, resembled only just exits took a stroll, although walks some tiredly, but the present which as soon as turned around to resemble finally got the home, therefore thought very happy, was very relaxed.

Ma Feng is staring at him, resembles has not seen this person. Gao Li indeed the picture turned another person. He originally already is the strip the wild animal which compels into the hopeless situation, but the present looked like actually resembled is captures the wild animal the hunter. ☆ makes the experienced hunter, has filled the determination and is self-confident.

Is what strength causes him to change? Ma Feng cannot think through. In his heart suddenly had the fear □people which the kind could not say to be unable to oneself to explain, to be unable the matter which understood, always could think frightened some.

Has passed through Shuang Shuang from his body, leaves the kitchen. He has not stopped. His originally also once wanted to use her to coerce Gao Li, but the present did not know for any, he suddenly thought oneself this idea very weak, was very laughable.

In the kitchen fluttered the garlic to explode the halogen meat the fragrance. Gao Li has suddenly smiled, said, "She really is the woman which very can prepare food."

Ma Feng nodded.

He traces not the aloof from worldly affairs vertical meaning, therefore has to nod.

Gao Li said, "She also very much understood forgives the husband."

Ma Feng said, "She is not indeed stupid."

This point regardless of everybody is unable to deny.

Gao Li smiles said, "A man can marry she such wife, really is lucky."

Ma Feng said, "Actually do you want to say what?"

Gao Li slowly replies: "I meant, if you coerced me a moment ago with her, calculated wanted me to cut the head to come, I could not say also could give you."

Ma Feng corners of the mouth muscle suddenly twists, resembled by the person has been squeezed in a Chinese goldthread rhizome, Man Zuifa the mouth.

Gao Li lightly said that, "Was only a pity the present already without enough time." He sank the face, a word space was meeting said, "Because now you so long as as soon as move, I killed you, I have killed people certainly not necessarily must wait till time the month circle."

His sound firm and is stable, also the positive image is a judge is deciding the person condemned to death.

Ma Feng smiled. He indeed is smiling, but he own all thought oneself smiles reluctantly some.

Gao Li said, "You now also may smile, because I may let you when time the month circle again dies, but fights to the death not laughably,"

Ma Feng sneers said, "Therefore you cannot smile?"

Gao Li said, "I cannot smile, only because kills people is not laughable."

Ma Feng said, "What do you want to use to kill people? Is with your that the broken hoe?"

Gao Li said, "Calculated I use that the broken hoe, also equally could kill you!"

Ma Feng Lian Xiao all cannot smile. His Yu Taiying, is hard awfully.

In the kitchen spreads Shuang Shuang sound." The food has been cold, roars the egg fried rice to be good?"

"Good."

"Fries several bowls?"

"Two bowls, a our person of bowl."

"Visitor?"

"Does not need to prepare for him, he certainly cannot eat up."

Ma Feng indeed cannot eat up. He only thought own stomach are contracting, nearly could not have borne must vomit.

Gao Lihu has smiled to him, said, "You now are not a little want to vomit?"

Ma Feng said, "Why do I want to spit?

Gao Li said, "A person is being afraid, usually can think wants to spit, I also have had this kind of experience."

Ma Feng sneers said, "Do you think my uncle you?"

Gao Li said, "You certainly fear me, because you thought also can see, I all could kill you as necessary." He suddenly continued, "You now also are living, because now I do not only want to kill you."

This speech Ma Feng listens very to be really grating, because this originally is he says.

Gao Li coldly said, "I now do not want to kill you, because I always do not only like when is emptying the belly kills people."

Ma Feng is staring at him, suddenly 剑, a sword punctures. This sword quick, is ruthless. This is precisely accurate and fatal 剑, but actually already was not 剑 which he usually used, has violated the principle which

he killed people. He kills people always is very slow. This sword is not slow, the sword light in a flash, punctured to Gao Li's throat.

Gao Li sits, sits behind the table, the hand puts under the table. He sits has not moved. But his spear suddenly punctured from the tabletop. The sword point is away from his throat also to have three inches. He has not moved. His spear pricked under Ma Feng the abdomen Ma Feng to move.

His entire people all likely are in slowly contract, wither. He looks Gao Li, in the eye filled surprised, has feared and has doubts. Is panting for breath said, "You... ... You really have killed me."

Gao Li said, "I had said, I must kill you."

Ma Feng said, "You originally absolutely could not kill my center."

Gao Li said, "But now I have killed you."

Ma Feng said, "I... ... I do not believe."

Gao Li said, "You must believe it."

Ma Feng as if also wants again to say any, but the throat muscle has been also stiff.

Gao Li said, "I have not originally killed your assurance, but the present had, now I as necessary all may again kill time."

In Ma Feng throat "the young lady" sound does not stop, is asking as if. "Why?"

Gao Li slowly said that, "Because I also have a friend, a good friend."

Ma Feng's pupil has suddenly dispersed, finally long sighed. Then his person on the picture is a ball which was discouraged, suddenly turned emptily, is suddenly withered. He does not have a friend. His anything does not have.

(5)

Gao Li has opened both of his arms, welcoming Shuang Shuang to his bosom. They mutually hugged each other, all disasters and unfortunately all already past.

After such test, his stalk I emotion has been able to change without doubt deeply, more sincere. Their completely interdependence, has mutually trusted.

In the world no matter has been able to separate them again. Was only a pity this is not our this story conclusion. In fact, this story now only then just started... ...

## **Chapter 5: Not the right result**

(1)

In the world has very many matters you always to think is impossible to occur, but it actually occurred. Moreover occurs on your body. Waits for you to discover time this fact, often already too late.

The dim light of night gradually is deep.

They have not burnt the lamp, like this calmly hugs in darkness. What matter in the world also has to hug happily the sweetheart in darkness is happier than? Their happiness until now only then truly started. Was only a pity starts often is the conclusion.

(2)

In the heart has filled Shuang Shuang happy and tranquil, between the world resembles has filled happy and is tranquil.

The wind has blown from the window, is bringing in the paddies the rice wheat fragrance. The harvest season already arrived.

She lightly caresses his face, the fingertip is bringing infinite to be take pity on and the tender feelings, gently said, "You are thin"

Gao Li to smile said, "Is very quick I to be able fat to get up."

Shuang Shuang charmingly said, "I like you fat, my graceful hoof arm will eat tomorrow to you."

Gao Li said, "We will have to exit tomorrow."

Shuang Shuang said, "Exits? Goes to where?"

Gao Li said, "Looks for Little Qiu."

On Shuang Shuang face has sent out the light, said, "You must lead me to go together?"

Gao Li said, "Certainly, I lead you to look at him the child."

Shuang Shuang great happiness: "He had the child?"

Gao Lirou voice: "We can also have the child."

Has blushed Shuang Shuang, the whole body all will fill has feared to future happy, this kind of feeling caused her entire people all to resemble must fly.

After a very long time, she only then gently asked: "You see his wife not to have?"

Gao Li said, "Does not have, I walk very much anxiously."

Shuang Shuang said, "I believed that certainly is a very good woman, because he also is a good man."

Gao Li said, "Not only is the good man, also is a good friend."

He is sighing, continued, "Besides him, regardless of everybody cannot stretch the peacock borrows draws I."

Shuang Shuang said, "Actually is the peacock feather what?"

Gao Li said, "Is one kind hidden weapon □but incompletely is hidden weapon."

Shuang Shuang said, "I do not understand."

Gao Li said, "I very am also difficult to explain white, in brief, its significance and the value all any kind dark surpass compared to the world in very much, regardless of who had it, can become another person."

Shuang Shuang said, "Become another person?"

Gao Li nodded, said, "Changes has the authority, has the self-confidence." He has smiled, continued, "If I did not have it, I probably would not be Ma Feng's rival."

Shuang Shuang said, "I do not understand."

Gao Li said, "You forever all cannot understand, even I cannot understand it, too."

Is hesitating Shuang Shuang, finally cannot bear said, "I... ... Can I trace it?"

Gao Li says with a smile: "Is natural energy, only you surely cannot go according to that two Niu, otherwise □□"

His sound suddenly stops, the smiling face suddenly congeals, the entire people all resemble have been all iced congeal, resembles suddenly as soon as treadons emptily, has fallen into in the glacier from ten thousand ten feet precipices on.

The peacock feather had unexpectedly disappeared! Cannot see his complexion Shuang Shuang, but actually suddenly felt his whole body all is

trembling. In his this life, never so startled has feared. He never thought this kind of matter unexpectedly can occur on his body.

Quietly left he to embrace Shuang Shuang. She had not certainly asked he has had any matter, because she has been able to feel, has been able to imagine. Only she cannot completely understand this matter has how seriously. Nobody can real understanding this matter have how seriously.

Gao Lidong also motionless sits in darkness, the entire people all resemble have been buried underground the person. Then his going crazy has suddenly flushed.

Shuang Shuang in dark medium him. She knew he certainly was to the corpse place which buried Ma Feng seeks, she hoped he could look to Q. She only strives for again do not have any unfortunate disaster to arrive to their body on. But did not know for any, in her heart actually had a kind of unlucky omen, the tear has also flowed off.

The wind has blown, the rumour resembles has become lightly sobs.

Also had not known how long, she has finally heard his sound of footsteps. The sound of footsteps slow and is heavy. Her heart has sunk, quietly dries the tear stains, cannot bear asks: "Have you found it?"

Gao Li said, "No."

His sound because of startled has feared and hoarse. Is listening Shuang Shuang, in the heart resembles by the needle is being punctured, gently said, "Can't you find out when it fell?"

Gao Li clenches teeth, wishes one could to cut by biting own as if throat. He never so has hated to oneself. Has not comforted him Shuang Shuang, because she knew the present regardless of any type comfort has been all useless. She only can think the method induces his thought, therefore she is probing said, "When you came back, was the peacock feather already not on your body?"

Gao Li said, "I don't know."

Shuang Shuang said, "You did not checked?"

Gao Li said, "I... ... I did not think it could fall." He certainly could not think. All tragedies and are unfortunate, all is in the situation which could not think only then can occur.

Cannot bear Shuang Shuang said, "You kill Ma Feng time, on the body certainly does not have the peacock feather?"

Gao Li said, "Is certain did not have, otherwise it certainly falls in neighborhood."

Shuang Shuang said, "On your body certainly does not have the peacock feather, actually or equally has killed him!"

Gao Li double fist gets hold of. He now only then understood, even if does not have the peacock feather, he or equally has kills Ma Feng the strength. Was only a pity he now only then understood already too was late.

Gently sighed Shuang Shuang, said, "What place are you finally in looked has been to it?"

Gao Li is hesitating, said, "On the carriage."

He also has traced it on the carriage, that kind of smooth solid feeling, but also causes his whole body to be all excited gives off heat. Then he on completely relaxed the white oneself, because in this world nothing has been worth the matter which he worried.

Shuang Shuang said, "Can it have fallen on the carriage?"

Gao Li said, "Very possible: "

Shuang Shuang said, "That carriage?"

Gao Li said, "It's gone."

Shuang Shuang said, "You the vehicle which what place do hire in?"

Gao Li said, "On road."

Shuang Shuang said, "What type vehicle hasn't paid attention to that is?"

Gao Li said, "Does not have."

Shuang Shuang said, "Has not seen clearly the person which drives a cart?"

Under Gao Lichui, gets hold of the double fist, the nail pricked in the meat. At that time he too happy, too is really excited, has not unexpectedly completely noted other person, other matter. Most unfortunately, he in order to is not willing by the person to discover own whereabouts, also have traded two carriages on the road.

Shuang Shuang's heart has sunk, she knew they forever have perhaps been unable to retrieve that peacock feather. A person loses thing more precious, often more is difficult to retrieve. Regardless of you lose are the peacock feather also good, is the emotion is also good, the result often is same.

Reluctantly is enduring the item center tears Shuang Shuang, gently said, "How now do you prepare?"

Gao Li said, "I... ... I do not know."

Shuang Shuang said, "You certainly must go tell him."

Gao Li said, "Certainly."

Shuang Shuang said, "In any event, this always is not a mistake which you has a mind to violate, perhaps he can forgive you."

Gao Li low-spirited said, "He cannot... ... If has traded me, also cannot forgive him."

Shuang Shuang said, "Why?"

Gao Li's long sigh, said, "Perhaps you forever all cannot understand the peacock feather has to them importantly, but I understand."

Shuang Shuang said, "Perhaps... ... Perhaps we may think the method compensates for him."

Gao Li said, "These cannot help."

His sound is bitterer and astringent, suddenly continued, "Perhaps only some one method." Shuang Shuang's face suddenly also because of frightened twists. She has understood his meaning.

A person if violated the kind to be unable to make up, could not be forgiven when mistake, usually only the useful one method made reparations. Death!

She cannot bear throws oneself, closely hugs him, malicious voice: "You cannot walk this road."

Gao Li silently said that, "What other road can I also walk?"

Shuang Shuang said, "We may walk... ... Walks goes to other place, never wants goodbye him."

Gao Li has suddenly shoved open her.

This is his biography first time shoves open her from the oneself bosom. He certainly not too makes an effort, but actually only thought Shuang Shuang the entire people are all pushed by him sink fall under she not to be able to bear said, "Why are your □□you?"

Gao Li clenches teeth, a word space said, "I could not think that, could not think you can call me to make this kind of matter."

Shuang Shuang said, "But you... ... "

Gao Li has broken her speech, said, "I have killed people, even has killed the person which very many should not kill, also has made the matter which are very many should not do, but I never have betrayed the friend."

His sound suddenly hoarse, continued, "This perhaps because I never have only had the friend, center only has such a friend."

Hangs the teardrops water seepage to gush out under Shuang Shuang.

Gao Li slowly continued, "I knew I cannot die, for you, for us, I cannot die, therefore I only then want all methods to have exactly, but this... ... "

Shuang Shuang hissing sound voice: "Couldn't these you □□"

Gao Li you break her speech, said, "This difference, because I understand the peacock steel to their value, also understood he is in the how difficult situation, is braving the how big danger, only then gives the peacock feather. I, in this world never has the portrait he such to trust me, therefore I cannot □□ he, die cannot □□ he."

Is nipping the lip Shuang Shuang, said, "Therefore you certainly must go tell him this matter."

Gao Li said, "Certainly." In his sound has filled the determination and the courage. This kind of courage is the true courage.

Is hanging the head Shuang Shuang, After a very long time, only then gently said, "I originally thought you can make any matter for me."

Gao Li said, "Only outside this instance."

Shuang Shuang said, "I understood, therefore □□I although very sad, very is actually happy." Very tranquil, slowly continued, "Because I had not looked after all is wrong you, you really is worth my proud man."

Gao Li is getting hold of the double fist, slowly the pine opens, finally bends down the lower part of the body, the hug assists her.

Also after a very long time, he only then decorated however sighs: "These I knew I have not done wrong, I could not again mistakenly, now I only think sorry a person... ... I sorry you."

Shuang Shuang supple voice: "You sorry me, because you are I, I am you."

Gao Li says any not again, this speech on already enough representative all. You are I, I are you. Regardless of any type disaster and is unfortunate, all should two people undertake together. If you had a such wife, what you also can say?

Dark.

Without the star light, also does not have the moonlight, is much darker.

They calmly hug in darkness, is waiting for the daybreak. Their this life resembles forever is lives in darkness, but they or thought is all happier than the majority people. Because in their life had the true feelings, one kind forever does not have the true feelings which any matter can replace.

Therefore their life had the value.  
This is most important.

(3)

The fall has been very deep.

This started on the wane, has the wind has blown the time in particular, autumn chill deeper several minute. But the fall scenery is beautiful. One kind  and touching beauty, is thick likes is the pure strong wine. If you also stand in there, you did not drink have been drunk.

Gao Lizhan in here, stands under the tree, is waiting. He really does not have the courage to see Qiu Feng-wu family member. This attack to the peacock village is how big, he has been able to imagine.

Qiu Feng-wu all possibly appears as necessary, some people have notified. Two peacocks slowly go for a stroll in the maplewood, is combing their beautiful feather with the mouth.  has been red.

Gao Lichi crazily is standing, crazily crazily looks. In the heart a stabbing pain, he really did not know how when from should say only then well. He nearly does not have the courage waited to get down.

On the lawn had the sound of footsteps to transmit, he unexpectedly does not dare to turn head is facing him. He felt has a hand to make contact with his shoulder, stable and has also filled the friendship hand. Stabilized has filled the friendship sound. "You came v me to know you were certainly very quick can come."

Gao Li finally slowly has returned to the head. He has had no alternative but to turn head. Then he saw Qiu Feng-wu smile  one kind temperate has filled the friendship smile.

In his heart stabbing pain is fiercer. This kind of eternal invariable friendship, suddenly changes looks like the root needle, resembles punctured his heart bleeds.

Qiu Feng-wu is smiling said, "You looked like resembles very wearily."

Gao Li nodded. He not only is weary, simply collapsed.

Qiu Feng-wu said, "Actually you cannot use such anxiously to catch up with."

Gao Li said, "I... ..." He just wanted to say, as if had the hand which double could not see to clutch has assisted his throat.

Qiu Feng-wu said, "The matter has already solved?"

Gao Li nodded again.

Qiu Feng-wu said, "You do not have to use the peacock feather?"

Gao Li shakes the head.

Qiu Feng-wu says with a smile: "I already knew you do not need to use it, Ma Feng simply is not your match."

Gao Li said, "But I... ..." "

Qiu Feng-wu suddenly discovered his facial expression the difference, asks immediately: "Does a your how person come? Shuang Shuang?"

Gao Li said, "She... ... She is very good: "

Qiu Feng-wu breathe sigh of relief, said, "How doesn't she come to see my child?"

Gao Li said, "She... ... She... ..." He finally arouses the courage, big voice: "She has not come, because she knew I want to apologize to you."

Qiu Feng-wu knits the brows: "You apologize to me? Why?"

Gao Li said, "I have lost your peacock feather."

He uses the biggest courage to say this speech, then his entire people all resemble collapsed. Without the sound, had not responded. He does not dare after to think Qiu Feng-wu has listened to this speech, on the face is any expression. He has not dared facing Qiu Feng-wu face.

Has the wind to blow, is dry when floating falls, piece, two piece, three pieces... ... 逐渐ly pale, the autumn chill is actually thicker.

Qiu Feng-wu had not said a speech, has not said a space. Gao Li finally cannot bear gains ground. Qiu Feng-wu likely is the statue stands in there, on the face links an expression all not to have, the complexion actually is pale likely is on the far mountain the tree 逐渐ly autumn frost. He like this calmly is standing, moves also motionless. The fallen leaf has fluttered his head, falls under his foot. He has not moved. Falls when has fluttered he at present, hits on his face. He has not moved, even Lian Yandu has not winked.

The date set in the west, the setting sun is red likely is the blood is same. The maplewood is also red looks like the blood to be same. Then the twilight likely is at the same time the net, layer on layer falls, covers assists him. On his face did not have the brilliance, in the eye also not to have the brilliance. He or has not moved, has not spoken.

Gao Li looks at him, only wishes one could own to rip open, 一脉, a block sprinkles in the person wind, sprinkles into in the putty, sprinkles into in the fire, is fired by the fire the ash.

Qiu Feng-wu if layer on layer scolds his, hits his, even a knife killed him, he fortunately has perhaps received. But Qiu Feng-wu actually resembles has been completely numb. All things between world, he resembles completely could not see, not to be able to hear, also could not feel. Must the how fearful attack, the how extremely painful sorrow, be able to cause a person to turn this appearance?

Gao Li cannot bear asks oneself: "If I were him, what would I do?" He cannot find out. He wants all not to dare to think. Qiu Feng-wu present is not also is asking oneself, how should cope with oneself? Now he only is waiting for an Qiu Feng-wu speech. Qiu Feng-wu is called him to die, he dies; Is called him to die immediately, he cannot again the live moment. But Qiu Feng-wu has not spoken.

The twilight gradually is deep, the dim light of night will be near. A black clothing old servant quietly passes through, bows said, "The village host, the late meals have opened." Qiu Feng-wu had not replied that, simply has not heard.

The black clothing old servant looks at him, in item also presently leaves the melancholy color, finally quietly has drawn back under the dim light of night suddenly likely is black Qu Jushou, has seized the entire earth.

The wind was colder.

Gao Li makes an effort to bite the tooth, made an effort to get hold of the double fist, actually or could not bear shivers. In order to make reparations, he may endure each kind bashfully to insult, each kind of pain, even may endure the pain which dies. But this kind of fearful silence, has actually caused him to go crazy. He in several cannot bear must destroy own.

Also has the wind to blow.

Qiu Feng-wu suddenly picks up the head, looks in the wind the fallen leaf, gently said, "Today has the wind."

Gao Li gets hold of the double fist, very long is very long, only then slowly nodded, said, "Is, today has the wind."

Qiu Feng-wu said, "All has the wind daily."

Gao Li said, "Is, all has the wind daily."

Qiu Feng-wu said, "Has the wind to be very good."

Gao Li finally cannot bear the big voice: "Actually do you want to say what? Why don't you say it?"

Qiu Feng-wu has now at last turned the head, to look at him. Looked very for a long time has been very long, only then long sighed, said, "You are a good friend, I know I can always trust you."

Gao Li in a sad voice: "You should not trust me."

Qiu Feng-wu resembles cannot hear him to say any, slowly continued, "You have promised me, must have a look my child."

Gao Li you silenced has been very long, finally also long sigh next, said, "I have promised you."

Qiu Feng-wu said, "Now the child has not rested."

Gao Li said, "You want me now to look at him?"

Qiu Feng-wu said, "I lead you to go."

Grass color also already withered and yellow! In the spring, here must be a carpet of green grass, but the present already is the thick fall, worried the ghost person's thick fall. The distant place has the light to sparkle, is bright likely is sweetheart's opening the eyes. But Gao Lique cannot see. He at present only has a piece of darkness, in the heart also only has a piece of darkness.

Qiu Feng-wu slowly walks in front, the footsteps monotonous and are heavy. Gao Li in behind with. He remembered also once like this ☐ behind was walking with Qiu Feng-wu, walked very for a long time, walked has been very far. After that was precisely he has just rescued Baili Zhang-qing.

At that time he although knew perfectly well all possibly some people ask him to retaliate as necessary, knew perfectly well all possibly can have the fatal disaster as necessary, but in the heart actually is very joyful. Because he has rescued a person, has helped the others. Because he had the friend.

But now?

Unintentionally violates the mistake, sometimes often has a mind to violate wrong is more fearful than. Is this also for what? Why does the heaven need to be called the mistake which he unintentionally violates this is fatal, cannot forgive, cannot be recovered? His why not careful? Why has that to neglect? Fiercely gains ground, his person has been magnificent in the light place.

The light is magnificent.

A white hair gray woman, sits well on the sandalwood chair, on the face is bringing temperate and the gentle smile.

"This is my mother."

A gentle young married woman, solemn and is virtuous, is precisely the spring flower's time passage, spring flower's beauty. Perhaps on because she heart in has filled happiness, therefore very is all kind to each people, in particular to husband's good friend.

"This is my wife."

A lovable child, the red face, the big eye, the health but is lively. Mentions to him, the life is far has not started, but his this life thought is happy and happy. Because he has a very good family, the very good parents, he originally is inborn should enjoy the happy person.

"This is my child."

Gao Li looks at, listens to, on the face to bring to have politeness the smile.

"This is friend of mine Gao Li, I always only best friend."

Gao Li's heart was as if punctured, also started to bleed. He nearly cannot bear must take to one's heels dashes, he actually does not have the face facing these people. If they knew he has has lost the peacock feather, is not also can be so kind?

The old man Qiu is smiling said, "Feng-wu frequently mentions you, this you certainly must remain in here several days." Gao Li throat resembles has been stopped up, exhausts the whole body strength, could reluctantly smile, nodded.

Qiu Feng-wu beautiful wife is teasing her child, said, "Will be called Uncle Gao next time to buy the sugar to eat to you." The child only the full year old, certainly cannot be called Uncle Gao, also cannot understand the speech which the others said, but he can smile. He sees Gao Li, eats is smiling. Everybody smiled.

The old man Qiu smiles gently, said, "The child likes Uncle Gao, Uncle Gao certainly can bring very many good fortunes for this child."

Gao Li heart has disrupted. Only some he knew that, he brings for this family member is not the good fortune, but is the disaster.

Luckily Qiu Feng-wu certainly has not wanted him to stay behind. "I lead him to have a look again to outside, this is he first time comes, to have very many places all not to look."

Gao Li indeed has very many places all not to look, in fact, he has not simply had been to so magnificently, the so dignified place. Looked like in the dim light of night that, this place approaches in the myth the palace.

Qiu Feng-wu said, "Here altogether has nine heavy courtyards, majority is constructs in 270 years ago, has experienced three generations, only then finally causes this place to look like slightly has the scale."

Actually this place far more than slightly has the scale, looked like this simply approached the miracle. Qiu Feng-wu said, "This indeed is a miracle, passes through two times of chaos caused by war to plunder the fire, this place also peaceful not is unexpectedly kind."

The rear court 門前 is hanging 12 colored lanterns. Magnificent light, according to wall on a giant drawing. The picture is dozens of pictures appearances fierce guy, is taking each kind of different weapon, but in item actually is bringing startled 亂. Because in a wheat flour book poor hand's gold cylinder, has sent out the rainbow ray. A rainbow is more beautiful than magnificent ray.

Qiu Feng-wu said, "This drawing, said is more than a 100 year ago matter."

Gao Liting.

Qiu Feng-wu said, "On at that time underworld gang's 36 Devils star, in order to destroy this place, unexpectedly ties the blood pledge, collaborates to attack, these 36 person of Wugong is high, it is said has been possible invincibly to the world."

Gao Li cannot bear asks: "Afterwards?"

Qiu Feng-wu palely discusses: "None of these 36 people went back." He continued, "Since that event, nobody in jiang-hu dared to take peacock village lightly, the peacock feather's fame henceforth spreads over the world."

The lights were gradually sparse.

In this single layer courtyard, as if is bringing gloomy miserable meaning which the kind cannot say, as if is all miserable including the light 燈光. They passed through a piece of dry forest, a clump of spot bamboo, passes through a zigzag bridge, only then walks here. Here likely is other world, moreover one kind of world.

The big house gloomy and is cold.

In the room is selecting hundred large oil lamps lit day and night before Buddha status, the cloudy side side light, looks like unexpectedly like the jack-o'-lantern. In front of each lamp, all has spirit throne (ling-wei).

Gao Li first to see: "The big move overlord, Shanxi's Yan Sun-fu's throne."  
"Jun-qiao shan-feng the taoist's throne."

These two people's name Gao Li is has listened, recent past, they or in jiang-hu are insufferably proud man of the hour.

Qiu Feng-wu looks this row of platoon spirit throne, on the face expression is more serious, slowly said, "These persons have all died under the peacock feather."

For 300 years, die person also 300 which feather in the peacock, this obviously expressed the peacock feather certainly is not easily may use. Can die under the peacock key, even if is not a school sovereign, also is 𠙴 the master.

Qiu Feng-wu said, "Ancestors in order to fear the descendants kill the evil too to be heavy, therefore only then supposes them in here spirit throne, surpasses their ghost, only looks their enmity not to have to tie to next generation goes." He sighed, continued, "Is only a pity their posterity, or has very thought here takes revenge."

Gao Li has not spoken. In his heart was thinking is very strange, also the very fearful matter. He resembles saw his name in here.

(4)

The Daoist priest but do not be winding. This place Gao Liyi has come, takes the peacock to stretch. Why now does Qiu Feng-wu also lead him to come to here? He had not asked.

Qiu Feng-wu regardless of does have to lead him to go to where, he all cannot ask. Regardless of the frightened destiny, he has all prepared to accept. A clapping sound.

Did not say appeared that 12 spirits person. 12 the key, has operated 12 locks. Thereupon they on entered that kind mystically, have been gloomy, the dark black stone chamber, likely was entered a grave. In the stone chamber has two ancient and the clumsy stone chair, above accumulated the dust and the moss.

Qiu Feng-wu said, "Sit."

Gao Li has sat.

Qiu Feng-wu has actually turned around, took out a small world is sealing the liquor from the cliff between. Pats garrulously 𠙴, the liquor fragrant fragrant clear luxurious.

Qiu Feng-wu said, "This was 𠙴 had hundred years Fen liquor."

Gao Li said, "Good liquor."

The wine glass also is a stone carving, similarly ancient and is clumsy.

Qiu Feng-wu sits down, fills two cups, said, "The good liquor cannot not drink."

Gao Li tossed down the content of his cup.

Qiu Feng-wu is staring at him, said, "We had very for a long time together have not been drinking."

Gao Li nodded, said, "Very has been indeed long."

Qiu Feng-wu gently sighs, said, "These years, have very many matters all to change."

Gao Liting.

Qiu Feng-wu said, "But our friendship has not actually changed."

Gao Liyou fills a cup, raises the head drinks.

Qiu Feng-wu said, "I do not have brothers, but you are my brother."

Gao Li gets hold of the wine glass. Wine glass if not stone cup, already by crumb.

Qiu Feng-wu said, "Therefore has a speech I to have no alternative but to say to you."

Gao Li said, "I am listening."

Qiu Feng-wu said, "You have lost the peacock feather, in the heart certainly very uncomfortable, also is perhaps more uncomfortable than me."

Under Gao Lichui, pours out wine, drinks. The fragrance fragrant measured the good wine, suddenly turns bitterly.

Qiu Feng-wu said, "I understand your mood, if has traded me, perhaps did not dare to arrive here to come again."

On Gao Lilian reveals color of the painful, slowly said, "I have no alternative but to come, because you trust me."

Qiu Feng-wu said, "Certainly is not each people all has this kind of courage, I have your this kind of friend, I am really very proud."

Gao Li said, "But I... ... "

Qiu Feng-wu has broken his speech, said, "You also trust me, just like I trust you to be same."  
Gao Li nodded.

On Qiu Feng-wu face expression suddenly changes very much unusually, a word space said, "Therefore you continuously believed that peacock feather is real."

Gao Li's entire person suddenly to draw tight, loses the voice: "That peacock feather is not real?"

Qiu Feng-wu said, "It's not."

"Crack", the wine glass falls to the ground. Gao Li suddenly changes likely is frozen to death in the ice fish.

Nobody can describe he this moment mood, also nobody can describe he this moment expression. He looks Qiu Feng-wu, likely is saw the rising sun suddenly falls, the earth suddenly splits. Then his person on 石 on stone chair, complete collapse.

Is not the collapse which despairs, is the happy extremely collapse, all cannot bear including the tear flows copiously. Certainly is not the sad tear. His this life never so has liked, that likely was already the person condemned to death which condemned the capital punishment, suddenly obtained the pardon.

Qiu Feng-wu is staring at him, in item instead has actually filled the pain, After a very long time, only then slowly said, "I tell you this matter, because I do not only hope you for this pain."

Gao Li does not stop nodded, in the heart has indeed filled the gratitude. But he or cannot bear wants to ask that, "Not real peacock feather?"

Qiu Feng-wu said, "Not real."

Gao Li you one startled, loses the voice: "Not real?"

Qiu Feng-wu said, "Does not have, simply does not have." He long sighed, painstakingly says with a smile: "The real peacock feather, has been first lost by father in the summit of Taishan."

Gao Li said, "That... ... Then how could it not be already was many years before matter?"

Qiu Feng-wu nodded, said, "Indeed had many years, that is precisely fights a decisive battle after the father and first golden seniors Taishan."

Gao Li said, "But in jiang-hu always some people have not actually said this matter."

Qiu Feng-wu said, "Certainly does not have."

Gao Li said, "Why?"

Qiu Feng-wu said, "Because always also nobody knows this matter, even I did not know."

Gao Li said, "But you... ... "

Qiu Feng-wu said, "First father in just before the end before, only then told this secret I."

Gao Li said, "Only told you?"

Qiu Feng-wu said, "Only told me."

Gao Li said, "I? ... ... "

Qiu Feng-wu is staring at him, slowly said, "You are the third person who knows this matter."

The he item center color of pain is deeper, continued, When "first father's says this secret, once was called me to establish the heavy oath, wanted me when continuously kept this secret to at the point of death, then tells my son: "

Gao Li complexion has gradually changed, said, "But you have now actually told me."

Qiu Feng-wu decorates however the deep sigh, said, "Because you are my good friend, I do not hope you in order to this matter 一辈子 is life-long."

This is the what kind great friendship! What matter in the world also has to be more precious than this kind of friendship? Gao Li has dangled the head. His Qiu Feng-wu has not rather told him this secret, he suddenly detected present the burden is heavier.

Qiu Feng-wu said, "When you killed Ma Feng, certainly you did not use the peacock feather."

Gao Li said, "At that time peacock feather already not on my body."

Qiu Feng-wu said, "I already knew you do not need the peacock feather, equally was allowed to kill him."

Gao Li said, "You already know."

Qiu Feng-wu nodded, said, "I understand your wugong very much, also understands you very much."

Gao Li acknowledged. He has no alternative but to acknowledge.

Qiu Feng-wu said, "By your wugong, in jiang-hu already the very few some people was your match, but you actually deficient confidence, therefore... ..."

Gao Li said, "Therefore you only then have lent that false peacock feather to me."

Qiu Feng-wu said, "Right."

Gao Li said, "Therefore you bite only then over and over are dark I, when not to as a last resort, do not have to use it."

Qiu Feng-wu said, "I already knew you did not need to use it." His expression enforces, continued, "The peacock feather certainly is not a kind of weapon, but is one kind of strength."

Gao Li said, "I listen to you to say."

Qiu Feng-wu said, "You although do not need to use it, but it actually may take to you the confidence."

Gao Li certainly also has no alternative but to acknowledge.

Qiu Feng-wu said, "So long as you had the confidence, Ma Feng is not your rival." He suddenly changes the topic, also said, "So long as the peacock feather exists one day, in jiang-hu dares the light mountain village on nobody, this truth also is same."

Gao Li said, "This truth I understand."

Qiu Feng-wu said, "The peacock village 300 years reputation, 80 miles bases industry, 500 human lives, actually this all are the construction in a small peacock steel." His expression is more serious, slowly continued, "Peacock feather if has not existed, the peacock village can with the deconstruction." 300 years reputation, 80 miles bases industry, 500 human lives all destroy. He happy content family certainly also deconstruction.

Gao Li suddenly understood that, why Qiu Feng-wu did have to lead him a moment ago to look at him the family member. Also has these to die the ghost which feather in the peacock spirit throne. These people's descendant grandsons, if knew the peacock feather has not existed, certainly cannot let off Qiu people. In jiang-hu will of the people hatred, originally is forever also cannot melt!

Qiu Feng-wu deep sigh said, "Looks like our this kind of martial arts world aristocratic family reputation, likely is a very heavy shoulder pole, you so long as as soon as receive it, forever ... ." He slowly continued, "I originally

certainly do not want to receive this vice- shoulder pole, I originally thought the ancestors create the reputation, has not certainly related with theirs Yu Sun."

Gao Li said, "Now?"

Qiu Feng-wu has suddenly smiled, smiles moved road the very much: "Now I only then knew, I since give birth to am the surname Qiu person, I must shoulder this vice- shoulder pole, also cannot shift responsibility onto others, also cannot evade."

On Gao Li's face is bringing color of the ponder, slowly said, "This shoulder pole although is heavy, but actually also is a kind of honor."

Actually that and not only is a kind of honor, also is the clock sacred responsibility and the duty. Peacock village to grandson so long as is living □the day, for this kind of responsibility and honor struggle." This is a goal which they survives. They completely do not have the choice the leeway!

Qiu Feng-wu looks at fixedly once more high is standing, slowly said, "Therefore I cannot let the peacock village reputation, be destroyed in my hand."

Gao Li look suddenly changes, as if under has very much tranquilly decided some kind of determination.

Qiu Feng-wu lip has actually turned white, continued, "Therefore I cannot let any person know this secret."

Gao Li slowly nodded, said, "I understand."

Qiu Feng-wu said, "You really understand?"

Gao Li said, "Really."

Qiu Feng-wu suddenly no longer speaks, also does not dare to look again Gao Li. His eyes were unexpectedly suddenly filled with sadness and pain, one kind had no alternative, is unable to melt sad and the pain. Why does the person always want to make the matter which some he is not willing to do, does not endure to do? This how could it not be also is universe ☆ □ the wound and wells up the fatigue.

Without the wind, but cold originally actually heavier factory. The cloudy side side light resembles completely static, congealed, human's heart resembles is also anchored disappears coldly.

"I cannot let this go outside."

"Certainly." The liquor is bitter, will be good. The liquor since has been small in the cup, regardless of how painstakingly, all must drink the factory to look

up. Is the bitter tasting wine also good, place Peng Jiuye is good, you all must drink the divination to go!

Qiu Feng-wu slowly stands up, has turned around. He does not have to say any again, when he goes out the door, actually returns to the reason: "I also had a matter to forget to tell you."

Gao Li is listening.

Qiu Feng-wu said, "North six provinces escort bureau's alliance has been established, the hegemon is precisely Baili Zhang-qing."

Gao Li's gloomy eyes suddenly blew out a spark. A magnificent flash of spark.

Qiu Feng-wu walked.

Also crossed long time, Gao Li only then slowly said, "Thank you, thank you for telling me this matter." His real gratitude. Because he suddenly thinks oneself this to live has the significance, he has completely satisfied. He has loved, he has also been loved by a person. He has contributed a very significant matter, a very valuable matter. He had no qualms in this life.

Qiu Feng-wu's wine in front of him was untouched. Gao Li had drunk this cup of wine, too. The bitter tasting wine was also good, the poisoned wine was also good, he must drink them all. This was his important thing to do in life. Even if you were not doing so well, you still need to do this. If anyone could die in peace, that would be the best. Not even living well in peace.

(5)

Late at night.

Does not have the month without the star. The wind good is cold. Qiu Feng-wu slowly goes out, walks to the courtyard to in. Banyan fig's leaf one falls piece by piece down. He calmly stood has been very long, unexpectedly resembled had not completely detected his wife already walked to his body nearby.

She was gently walking arm in arm with him, in her chest, between the world forever all so happy is tranquil. Therefore she forever hopes the others also similar happiness.

After a very long time, she only then gently asked: "Your friend?"

"He left already."

"Left? Why?"

Qiu Feng-wu had not replied that, actually bends down the lower part of the body, picks up the piece of fallen leaf.

He stared at this piece of fallen leaf, the eyes were filled with pain and sadness which that kind had no alternative. The leaf never is willing to blow by the autumn wind falls. A person's life, some times also just like this piece of fallen leaf is how could it not be same... ...

This story had given us a lesson. The true victory, certainly could not be relied on the weapon that one used, but must be relied on your confidence. Regardless of how fearful the weapon was, it would still not be comparable to a person's confidence.

Therefore I said that the second kind of weapon, was certainly not the peacock feather, but the confidence!
